Mike Calzada, Deputy City Administrator, reported that All Yellow Taxi filed an application with the City for a taxicab business permit and a background check was conducted by the police department. He commented that procedure following the background check is that the City Council conduct a hearing to approve the issuance of a certificate of public convenience.

Mayor Dorn inquired if there were any persons present who wished to address the City Council on this matter.

Gil Archeletta, President, All Yellow Taxi, spoke concerning his full-service taxi company with state-of-the-art GPS facilities and all of their drivers must pass a drug test before being hired and must adhere to their zero drug and alcohol policy. He commented that All Yellow Taxi is a subcontractor of Global Paratransit who is the service provider for persons with disabilities and their drivers have additional training with CPR and wheelchair mobility. He further commented that they are the number one coupon-using company in Torrance and if their permit is approved they would like to be the number one coupon-using company in Inglewood.

Michael Benbow spoke concerning King Cab Company who was put out of business in Inglewood, and inquired how the City plans to make doing business in Inglewood better for this company. He commented that he is not speaking against the cab company, but he is speaking against the City and their policy for helping minority businesses.

Johnny Ingraham spoke concerning a bad experience he had with King Cab and hopes the City will approve the new applicant.

Willie Agee spoke concerning King Cab and the lack of support they received from the City which eventually put them out of business because there is no way they could compete with Yellow Cab.

Roosevelt Douglas spoke concerning King Cab and inquired why they left Inglewood and he strongly believes in equal opportunity and would like to see a minority taxi business in the City.

Reynald Davis spoke concerning cab service and commented that Yellow Cab is the largest company and it is no way that a smaller taxi company can compete with them, so why can't the

June 21, 2005

City help the smaller businesses with items such as insurance, which he heard is the reason King Cab went out of business.

Diane Sambrano commented that there were residents who came to this meeting to speak at a public hearing but left when they heard this was a hearing and not a public hearing, they think they are coming back another time to speak.

Mr. Paradi, Director of Operations of Yellow Cab, commented that he supports All Yellow Taxi's application because together they can provide better service for the City of Inglewood. He inquired about the All Yellow Taxi staff report wherein it was mentioned that a fee of \$250 must be paid to provide service to Hollywood Park, yet his company, Yellow Cab, has a contract with Hollywood Park to provide taxi service.

Council Member Price expressed his concern that it was suggested that the City was involved in putting anyone out of business and the City would never intentionally put a company out of business. He commented that any business that provides a good service will prevail. He inquired if All Yellow Taxi has a base station in Inglewood.

Mr. Archeletta commented that they do not have a base station in Inglewood but their GPS system makes it possible for them to provide efficient service. He further commented that their drivers have an additional 80 hours of training under the Americans Disabilities Act.

Council Member Price inquired of the City Administrator if the City subsidizes the taxi services.

Mark Weinberg commented that the City does provide taxi coupons for seniors, but they do not subsidize taxi companies.

Michael Calzada commented that these are independent permits that the City has with cab companies and right now there is only one approved cab company, but if another permit is approved, they are authorized to work in Inglewood and these permits go into perpetuity unless there is good cause to revoke the permit.

Council Member Dunlap commented that the information from this hearing was not in the staff report and no where does she see where other cab companies were solicited and in order to get the best service for the residents of Inglewood, this process should have been opened for a public bid.

Mark Weinberg commented that this is not a competitive bid, but a permit application and anyone may apply for a permit at any time.

Council Member Morales commented that he has received many complaints from residents about the poor taxi service in Inglewood and would like to see additional companies come into the city.

Council Member Franklin commented on the number of taxi cabs that will be allocated to Inglewood and inquired whether twenty is an adequate number.

Mayor Dorn commented that he would like to see this process opened to a competitive bid and have the staff screen reliable companies.

Mark Weinberg reminded Council that this is a permit process which will require background checks by the police department and that may take some time.

Council Member Dunlap inquired if permits may be issued for shorter periods of time.

The City Attorney commented that the action on this agenda is to issue a permit and Council may issue a permit for a shorter time.

It was moved by Council Member Franklin and seconded by Council Member Dunlap that the

June 21, 2005

City Council consider a request for proposal within 45 days.
