

South Bay Environmental Services Center

A program of the South Bay Cities Council of Governments

Save Water, Energy, Money and the Environment

Energy Efficiency 101 for Inglewood Residents and Businesses:

Green Tips for Building, Remodeling and Water Conservation

Presented by SBESC in collaboration with the City of Inglewood

For Residents: Do you walk through your house turning off lights? Is your refrigerator more than 10 years old? Do your sprinklers turn on when it rains? Are you planning to remodel and don't know where to start?

For Businesses: Do you want to upgrade your equipment to increase energy efficiency? Do you want to learn more about programs offered through SCE, the Gas Co., and West Basin Municipal Water District?

Now is the perfect time to think about becoming energy efficient and save money!

**Wednesday, November 4, 2009
3:00 – 5:00 pm**

**Inglewood City Hall
Community Room A
One Manchester Blvd.
Inglewood, CA 90301**

Sign up for our workshop!

- Learn how to make energy efficiency a part of the normal routine in your home and office.
- Learn how to prioritize your energy and water projects to get the most for your money.
- Learn about available rebate and incentive programs from the utility companies.
- You will be given lots of water conservation and **GREEN TIPS** for your home or business, plus receive information about your **FREE** energy efficiency kit.

Three easy ways to register:

1. Online at www.sbesc.com
2. Call SBESC at (310) 371-7222
3. Fill out this form and fax to (310) 371-0888

This workshop is open to anyone who lives or works in the City of Inglewood and is serviced by Southern California Edison and/or The Gas Company®. Tell your neighbors, friends, family, and co-workers. They can attend, too!
