

The City of Inglewood will receive \$3.4 million in federal funds from the United States Department of Housing and Urban Development (HUD). These funds can be used to continue programs that address affordable housing needs; assist homeless persons; provide adequate infrastructure - including street and sidewalk repairs; address fair housing issues; and to support programs that enhance civic/community design - protection of the environment; neighborhood preservation and economic development.

Community meetings will be held throughout Inglewood to gather citizen input on how the City should invest these federal funds. You are invited to participate in order to learn more about City programs and make comments or suggestions concerning the City's community development programs. The City of Inglewood, Community Development Block Grant Division will hold community meetings during the month of June 2008.

Community meetings are scheduled at the following dates and times:
