

THE CEI GROUP INTEGRATED ENTERPRISE VEHICLE RISK MANAGEMENT SERVICES

## **City of Inglewood, California Selects CEI For Collision Management Services**

The City of Inglewood, California, has selected The CEI Group, Inc. (CEI) to provide collision management services for the city's 600-vehicle fleet, including civilian sedans, police cruisers, pickup and medium-duty trucks. .

CEI, an international provider of fleet accident, risk management and driver safety services also serves the following public fleets: City of Gainesville, FL; City of Tacoma, WA; King County, WA; King County Waste Disposal; Washington State Patrol; Washington State Motor Pool Kern County, CA, and Tacoma (WA) Public Utilities.

-- more --

## **About the Program**

CEI's collision management services help government fleet departments streamline their accident management processes, from the first notice of loss to repair to the creation of comprehensive reports of all accident management activity and expenses. Features include:

- Toll-free 24/7 customer care call center for driver incident reporting;
- Complimentary accident reporting kits for every fleet vehicle;
- Towing and replacement vehicle rental services;
- No-bid assignment to pre-approved repair centers for dramatically reduced repair cycle time;
- A managed nationwide network of more than 8,000 hand-picked repair centers;
- Licensed in-house appraisers who monitor and audit every repair;
- Online, real-time access to all claim information, including police accident reports, vehicle damage photographs, estimates and invoices, and
- Online access to comprehensive accident management summary data reports.

## **About The CEI Group Inc. (CEI)**

CEI provides technology-enhanced vehicle accident and risk management services to self-insured, commercial, institutional and governmental fleets directly and through its alliances with fleet leasing companies. CEI also provides vehicle direct repair program outsourcing to property and casualty insurance companies that insure both private passenger and commercial policyholders' vehicles.

## **City of Inglewood, CA Selects CEI**

Founded in 1983, CEI has headquarters near Philadelphia, PA, and field sales offices in Trevese, PA; Atlanta, GA; Monroe, MI; Tulsa, OK; and Pittsburgh PA. In 2000, CEI launched DriverCare™, its line of driver risk management and safety services, and in 2004 expanded its footprint to the European marketplace as CEI Europe™. Last year, CEI began offering heavy-duty truck fleets comprehensive collision and risk management services as TruckGuardian Group.

Through the adoption of this partnership with The City of Inglewood (Fleet Management). The City's goal is to improve efficiency, effectiveness and reduce accidents on City vehicles, thereby reducing cost and reducing risk
