DATE: May 23, 2023

TO: Mayor and Council Members

FROM: Police Department

SUBJECT: Acceptance of Fiscal Year 2022 UASI Grant Funds

RECOMMENDATION:
It is recommended that the Mayor and Council Members approve an agreement with the City of Los Angeles for acceptance of Fiscal Year 2022 Urban Area Security Initiative (UASI) Grant Program funds, in the amount of $198,796.

BACKGROUND:
The United States Department of Homeland Security, through the City of Los Angeles, provides select jurisdictions within Los Angeles UASI federal grant funds. UASI funds are designated to address the equipment, training, and planning needs of large urban areas and to develop the capability to prevent, respond, protect against, and recover from acts of terrorism and other critical events that threaten public safety.

For the past several years, the Inglewood Police Department (Department) has applied for and received UASI grant funds. These funds have been primarily used to purchase equipment and supplies to support the efforts of front-line staff members providing services to the local community and Los Angeles region.

DISCUSSION:
In March 2023, the Department received official notification that the City had been awarded Fiscal Year 2022 UASI grant funds, in the amount of $198,796. These funds were awarded specifically for the purchase of video surveillance cameras and trailers. The Los Angeles UASI approval authority has identified enhancing the protection of soft targets in crowded places as a primary goal within the region. By expanding the existing camera system, the Department will enhance its ability to protect physical assets within the region at/ near public transportation facilities, major intersections, and entertainment venues. Along with providing prevention capabilities, the retention capability of this equipment will provide the region with valuable evidence to apprehend the individual(s) involved in the event of an act of terrorism or serious crime.

For the aforementioned reasons, the Department’s funding request directly supports the region’s goal. These funds will be used to purchase nine (9) surveillance cameras, two (2) surveillance trailers, and their related services.
All funds must be expended prior to May 31, 2025, unless the grant is extended by the grant administrator.

**FINANCIAL/FUNDING ISSUES AND SOURCES:**
By signing the attached agreement, the City will receive Fiscal Year 2022 UASI grant funds, in the amount of $198,796. As the administrator of the grant, the City of Los Angeles will provide funds on a reimbursement basis.

The Police Department plans to start the procurement process for the approved equipment on or after October 1, 2023. Therefore, staff will request for funds to be allocated in the Fiscal Year 2023-2024 Budget and made available for use under Account Code No. 226.045.4571.45045.00 (Public Safety Grant Fund-Police-L.A. Such Requirements are set forth in the following documents and incorporated herein by this reference: (1) Department of Homeland Security FY 2022 Homeland Security Grant Program Notice of Funding Opportunity ("DHS NOFO"), (2) FY 2022 DHS Standard Terms and Conditions ("DHS Standard Conditions") (Exhibit A), (3) FEMA Information Bulletins ("IB"), (4) CalOES 2022 Homeland Security Grant Program California Supplement to the Federal Notice of Funding Opportunity ("CalOES Supplement"), (5) CalOES 2022 Standard Assurances for CalOES Federal Grant Programs ("CalOES Assurances") (Exhibit B), (6) CalOES Grant Management Memos ("GMM"), and (7) the cost principles, uniform administrative requirements and audit requirements for federal grant programs as housed in Title 2, Part 200 of the CFR and in updates issued by the Office of Management and Budget ("OMB") on http://www.whitehouse.gov/omb/.

§2.2 City Administrative Requirements

A. Subrecipient acknowledges and agrees that the City is acting as a "pass-through entity" (as such term is defined in 2 CFR § 200.74 and used in this Agreement) for this Subaward and that the City shall have the rights and obligations relating to this Subaward and its administration as set forth in this Agreement and in 2 CFR Part 200.

B. Subrecipient and the City have previously completed a mutually approved Budget/Expenditure Plan as incorporated in the Financial Management Forms Workbook (the "Workbook"), which is pending approval by CalOES (the "Budget") and is attached hereto as Exhibit C. Upon approval by CalOES, such Budget shall be the effective Budget for this Agreement. The Workbook contains detailed listings of items and projects and the amount of Subaward funds allocated for such items and projects. The City shall provide Subrecipient with an electronic Workbook of Subrecipient's projects. Subrecipient shall use the Subaward funds strictly in accordance with the Workbook, and any expenditures not so made shall be deemed disallowed under this Subaward.

Any request by Subrecipient to modify the Workbook must be made in writing and accompanied by a completed Modification Request Form.
(attached hereto as Exhibit D), all required supporting documentation and a revised Workbook showing such modification. Workbook modification requests must be submitted prior to deadlines set by the City. Inaccurate or incomplete requests shall be returned to the Subrecipient for revision. Subrecipient shall not expend any funds on modified Workbook items until such modification is approved by the City and CalOES.

C. Subrecipient previously submitted to the City a Project Application in connection with the Subaward, which included a Project Timeline ("Project Timeline") setting forth milestones and completion dates for projects funded under the Subaward. Subrecipient shall manage its projects in accordance with the Project Timeline and provide, in a timely manner, any plans and reports requested by the City regarding the status of such projects. Such forms, which are collectively attached hereto as Exhibit E, include: (1) an aviation equipment request form, (2) a watercraft equipment request form, (3) an Environmental and Historical Preservation ("EHP") request form, and (4) a sole source procurement request form. Approval of such requests and forms shall be made by the City and CalOES in their respective sole discretion. Subrecipient acknowledges that all such forms must be approved by the City and CalOES prior to expending Subaward funds. Failure to gain advance approval of such completed requests and forms by the City and CalOES may result in the disallowance of such costs incurred by Subrecipient.

E. Subrecipient agrees that any equipment, product, service or activity funded with this Subaward shall comply with any and all technological and/or interoperability specifications and standards as may be approved by the LA/LBUA region, and any such equipment, product, service or activity not so compliant shall be not eligible for funding by this Subaward. If Subrecipient requests advance payment of Subaward funds, Subrecipient shall comply with, and provide evidence to the City of compliance with, the criteria and obligations related to the use of advance payments as set forth in 2 CFR Section 200.305 as well as satisfying any other City and CalOES requirements for advance payments.

All such supporting documentation for the Reimbursement Request shall satisfy applicable Federal, State and City audit and review standards and requirements. Such documentation shall be prepared at the sole expense and responsibility of Subrecipient, and the City and the Subaward will not reimburse the Subrecipient for any costs incurred for such preparation. The City reserves the right to request additional supporting documentation to substantiate costs incurred at any time. Inaccurate and/or incomplete Reimbursement Requests shall be returned to Subrecipient for revision.

After the Reimbursement Deadline, any unexpended Subaward funds may be re-directed to other needs across the LALBUSA region. The City will notify Subrecipient, in writing, when unexpended Subaward funds may be re-directed.

H. Subrecipient acknowledges that the City makes no commitment to disburse Subaward funds beyond the terms set forth herein and that funding for all periods during the Subaward Term is subject to the continuing availability to the City of federal funds for this Subaward from CalOES and the Federal awarding agency. This Agreement may be terminated immediately upon written notice to Subrecipient of any loss or reduction of Subaward funds.

C. In the event of third-party loss caused by negligence, wrongful act or omission by both Parties, each party shall bear financial responsibility in proportion to its percentage of fault as may be mutually agreed or judicially determined. The Fiscal Year (FY) 2022 DHS Standard Terms and Conditions apply to all new federal financial assistance awards funded in FY 2022. These terms and conditions flow down to subrecipients unless an award term or condition specifically indicates otherwise. The United States has the right to seek judicial enforcement of these obligations.

All legislation and digital resources are referenced with no digital links. The FY 2022 DHS Standard Terms and Conditions will be housed on dhs.gov at www.dhs.gov/publication/fy15-dhs-standard-terms-and-conditions.

Applicants are required to fill out the assurances as instructed by the awarding agency.

   II. DHS financial assistance recipients are required to follow the applicable provisions of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards located at Title 2, Code of Federal Regulations (C.F.R.) FY 2022 DHS Standard Terms and Conditions

Appendix A. Guidance for Supporting Photographs for EHP Grant Submissions

Photographs are a vital component of the EHP review process and add an additional level of understanding about the nature and scope of the project. They also provide pre-project documentation of site conditions. Please follow the guidance provided below when preparing photographs for your EHP submission. The following pages provide examples of best practices used in earlier EHP submissions.

Minimum requirements for photographs

1. Photographs should be in color.
2. Label all photographs with the name of facility, location (city/county/state) and physical location (physical address or latitude-longitude).
3. Label the photographs to clearly illustrate relevant features of the project, such as location of installed features (e.g., cameras, fences, sirens, antennas, generators) and ground disturbance. See examples below.
4. Identify ground disturbance. Adding graphics to a digital photograph is a means to illustrate the size, scope and location of ground disturbing activities.

Best Practices

1. Provide photographs in a separate file.
2. Place no more than 2 pictures per page.
3. Compressing pictures files (such as with Microsoft Picture Manager) or saving the file in PDF format will reduce the size of the file and facilitate e-mail submissions.
4. Identify the photograph file with the project name so that it can be matched to the corresponding FEMA EHP screening form.
5. Maximum file size for enclosures should not exceed 12 MB. If the total size of files for an EHP submission exceeds 12 MB, send the submission in multiple e-mails.
6. If necessary, send additional photographs or data in supplemental e-mails. Please use the same e-mail subject line with the additional label: 1 of x, 2 of x, ... x of x.

Options for Creating Photographs

1. Obtain an aerial photo. There are multiple online sources for aerial photographs.
2. For the aerial photo, use the screen capture feature (Ctrl + Print Screen keys) and copy the image to photo editing software, such as Paint, or Photoshop. Use that software to crop the image so the photo has the content necessary.
3. Open PowerPoint, or other graphics-oriented software, and paste the aerial or ground-level photograph on the canvas.
4. Use drawing tools, such as line drawing and shapes, to indicate the location of project features (for example: fencing, lighting, sirens, antennas, cameras, generators).
5. Insert text to label the features and to label the photograph.
6. Use drawing tools to identify ground-disturbing activities (if applicable).
7. Save the file with the project name or grant number so that it can be appropriately matched to the corresponding FEMA EHP screening form. Include this file with the EHP screening when submitting the project.
Appendix A. Supporting Photographs for EHP Grant Submissions

Example Photographs

Aerial Photographs. The example in Figure 1 provides the name of the site, physical address and proposed location for installing new equipment. This example of a labeled aerial photograph provides good context of the surrounding area.

Ground-level photographs. The ground-level photograph in Figure 2 supplements the aerial photograph in Figure 1, above. Combined, they provide a clear understanding of the scope of the project. This photograph has the name and address of the project site, and uses graphics to illustrate where equipment will be installed.

Figure 1. Example of labeled, color aerial photograph.

Figure 2. Example of ground-level photograph showing proposed attachment of new equipment.
Appendix A. Supporting Photographs for EHP Grant Submissions

Ground-level photograph with equipment close-up. Figure 3 includes a pasted image of a CCTV camera that would be placed at the project site. Using desktop computer software, such as PowerPoint, this can be accomplished by inserting a graphic symbol (square, triangle, circle, star, etc.) where the equipment would be installed. This example includes the name and location of the site. The site coordinates are in the degree-minute-second format.

Figure 3. Ground-level photograph with graphic showing proposed equipment installation.

Ground-level photograph with excavation area close-up. The example in Figure 4 shows the proposed location for the concrete pad for a generator and the ground disturbance to connect the generator to the building's electrical service. This information can be illustrated with either an aerial or ground-level photograph, or both. This example has the name and physical address of the project site.

Figure 5. Ground-level photograph showing proposed locations of new communications equipment on an existing tower.

Interior equipment photographs. The example in Figure 6 shows the use of graphic symbols to represent security features planned for a building. The same symbols are used in the other pictures where the same equipment would be installed at other locations in/on the building. This example includes the name of the facility and its physical address.

A camera will be added in the upper right corner and a proximity door access reader will be added for access control.

Ground-level photographs of nearby historic structures and buildings. Consultation with the State Historic Preservation Office (SHPO) may be required for projects involving structures that are more than 50 years old, or are on the National Register of Historic Places. In that event, it will be necessary to provide a color, ground-level photograph of each side of the building/structure.
