Commissioner's Questions/Comments

Commissioner Rudd:

- How many properties in total?
- Diana – I don't have the exact property count, but I can get that for you. We refer to them as dwellings as well.

Commissioner Nicholson:

- Unit's vs properties or dwellings, aren't they the same?

Commissioner Rudd:

- What's the difference?
- Diana – Well the GIS map location is listed by dwellings as opposed to units.

Diana:

- October will be the last meeting for the year due to Holidays. We will resume January 2022. We return back to work on January 3rd, so we will send out a notice for the 1st Aviation meeting date. As of right now we don't have a clearance on public entry into city hall, only the lecture hall. So we will continue to meet via zoom, if you're okay with that?

Commissioner Burnett:

- Is city hall still closed to the public?
- Diana – Yes. We received a mandate regarding getting the vaccine, so we all have to be vaccinated by a certain deadline. I'm not sure if the New Year will bring new changes.

Commissioner Hicks joined the meeting.

Commissioner Hicks:

- I heard the ending comments regarding entry into City Hall.
- Diana – I was informing everyone that no public entry is allowed into City Hall, and that we can continue to meet via zoom since the rules and regulations have remained the same. We are hopeful that the New Year will bring some changes since everyone in City Hall will be completely vaccinated.

Commissioner Rudd:

- Are other meetings conducted via zoom as well?
- Diana – As far as I know Parks & Recs have met in the lecture hall, others may be via zoom. Council meetings have been either by call-in or you can place questions with the city clerk's office. So as of right now the Library lecture hall is the only meeting place, for

in-person meetings but you still have to go thru the security clearance to be able to attend.

- Diana: Are there any other questions or concerns?

Commissioner Nicholson:

- So will we meet via zoom or in-person?
- Diana – We will let you know once all vaccinations are completed. That information will be given to everyone.

Commissioner Nicholson:

- I am still exploring the droplets because I doubt they are coming from bees, I'm hoping to have them tested by January. I can count at least 50 at a time, I am near Centinela Hospital so the planes are flying very close and low by my house. I very skeptical that they are from a bee pollination.

Commissioner Burnett:

- What do you think it is?

Commissioner Nicholson:

- I believe it to be fuel fall-off. I've also had a discussion with FedEx drivers.

Commissioner Rudd:

- Is there any odor?

Commissioner Nicholson:

- No smell, but I'm collecting a lot so maybe I will know something by October.

Commissioner Burnett:

- Has anyone heard about the Clippers ground breaking? Is anyone going?

Commissioner Nicholson:

- What time?

Commissioner Burnett:

- It's at 10:00 a.m.

AVIATION COMMISSION MINUTES

June 16, 2021

Commissioner Rudd:

- What ground breaking is it?

Commissioner Burnett:

- It's for the Clippers ground breaking.

Commissioner Nicholson:

- I believe there was also a ribbon cutting ceremony that took place recently too.

Commissioner Richardson:

- Is this information published somewhere?

Commissioner Hicks is having audio issues, we can't hear her.

Diana:

- I believe it's listed on our city website, Eye on Inglewood, Facebook or Instagram.

MEETING ADJOURNED AT 4:23 PM.
