E. [§ 105] Parties to the Agreement

1. [§ 106] City and Successor Agency

The City is a municipal corporation exercising governmental functions and powers pursuant to Chapter 2 of the Community Redevelopment Law of the State of California.

The address of the City for purposes of this Agreement is: City Hall, One Manchester Boulevard, Ninth Floor, Inglewood, California 90301, Attention: City Manager.

“City” as used in this Agreement, includes the City of Inglewood acting pursuant to the Cooperation Agreement and any public body that is an assignee of or successor to its rights, powers and responsibilities.

The Successor Agency is a public body, corporate and politic, exercising governmental functions and powers pursuant to the Dissolution Law of the State of California.

The address of the Successor Agency for purposes of this Agreement is: City Hall, One Manchester Boulevard, Ninth Floor, Inglewood, California 90301, Attention: Executive Director.

“Successor Agency” as used in this Agreement, includes the City of Inglewood acting only in its capacity as the successor entity to the former Inglewood Redevelopment Agency pursuant to the Dissolution Law, and any public body that is an assignee of or successor to its rights, powers and responsibilities. However, notwithstanding the foregoing, any and all Successor Agency action pursuant to this Agreement shall only be performed and constitute redevelopment activity in accordance with the authorization and rights established pursuant to the Dissolution Law. Moreover, Developer acknowledges that any financial obligation established by this Agreement shall only be satisfied by those certain redevelopment funds provided to and held by the Successor Agency pursuant to the redevelopment activity authorized by the Dissolution Law and under no circumstances shall any such actions of the City taken pursuant to this Agreement constitute action of the City in its capacity other than as the Successor Agency nor constitute a City obligation for which its general fund and/or any other specific City revenue is pledged, committed or obligated.

2. [§ 107] Developer

The Developer is the K.P. Auto Center, L.P., a California limited partnership. The address of the Developer for purposes of this Agreement is 239 W. Manchester Boulevard, Suite 215, Inglewood, California 90301, Attention: Michael Koper, President.

Wherever the term “Developer” is used herein, such term shall include any permitted nominee, assignee or successor in interest as herein provided.

F. [§ 108] Prohibition against Change in Ownership Management and Control of Developer

The Developer represents and agrees that its purchase of the Agency Parcels and its development undertakings pursuant to this Agreement are, and will be used, for the purpose of redevelopment of the Site and not for speculation in land holding. The Developer further recognizes that, in view of:

- (a) the importance of the redevelopment of the Site to the general welfare of the community;
- (b) the public aids that have been made available by law and by the government for the purpose of making such redevelopment possible; and

- (c) the fact that a change in ownership or control of the Developer or of a substantial part thereof, or any other act or transaction involving or resulting in a significant change in ownership or control of the Developer or the degree thereof, is for practical purposes a transfer or disposition of the property then owned by the Developer,

the qualifications and identity of the Developer, and its principals, are of particular concern to the community, City and Successor Agency. The Developer further recognizes that it is because of such qualifications and identity that the City and Successor Agency (sometimes and from time to time collectively, the “**Public Entities**”) are entering into the Agreement with the Developer. No voluntary or involuntary successor in interest of Developer shall acquire any rights or powers under this Agreement except as expressly set forth herein.

Prior to the issuance of a Release of Construction Covenants, the Developer shall not sell, transfer or convey any portion of the Site, or assign all or any part of this Agreement to a third party (a “Transferee”) without the prior written approval of the City, which approval shall not be unreasonably withheld if, in the reasonable determination of the City, the proposed Transferee of any portion of the Site has the qualifications of a developer comparable in all material respects (including experience, character and financial capability) to the Developer. However, notwithstanding the foregoing, City consent shall not be required for any assignment of this Agreement primarily for estate tax purposes where the Developer is the majority/controlling/voting shareholder, general partner or managing member owning at least a fifty-one percent (51%) share or interest in the proposed Transferee. Moreover, the City hereby acknowledges and approves all existing leases on the Site as well as any potential leases presently under negotiation by the Developer and certain third-party operators with respect to the Site for which the City is aware as of the effective date of this Agreement.

In the event that, in violation of this Agreement, the Developer does assign this Agreement or any of the rights herein, or does sell, transfer, convey or assign any part of the Site or the buildings or structures thereon prior to the issuance of the Release of Construction Covenants, the City shall be entitled to an “Excess Purchase Price” payable by the Developer for the Agency Parcels in the amount that the consideration payable for such unauthorized sale, transfer, conveyance or assignment is attributable to the Agency Parcels and exceeds the amount of the Purchase Price paid by the Developer for the Agency Parcels to the Successor Agency plus the cost of the Improvements developed on the Agency Parcels, including applicable carrying charges and costs related thereto. To the extent the Developer is required to pay an Excess Purchase Price to the City and such Excess Purchase Price has not been paid to the City, the City shall have a lien on the Site for the entire amount of the Excess Purchase Price. Any such lien shall be subordinate and subject to mortgages, deeds of trust or other security instruments executed for the sole purpose of obtaining funds to develop the Site (or applicable portion thereof) as authorized herein.

Except for assignments duly executed and deemed approved by the City as provided above, the Developer covenants and agrees for itself, and any of its successors in interest, that prior to issuance by the City of a Release of Construction Covenants and without the prior

written approval of the City, there shall be no significant change in the ownership of the Developer, or in the relative proportions thereof, or with respect to the identity of the parties in control of the Developer, by any method or means.

The Developer shall promptly notify the City of any and all changes whatsoever in the identity of the parties in control of the Developer or the degree thereof, of which it or any of its officers have been notified or otherwise have knowledge or information. This Agreement may be terminated by the City if there is any significant change (voluntary or involuntary except as the result of death or incapacity) in membership, management or control of the Developer in violation of this Agreement prior to the issuance of a Release of Construction Covenants for the Site.

Except as otherwise provided in this Agreement, in the absence of a specific written agreement by the City, no such sale, transfer, conveyance or assignment of this Agreement or the Site (or any portion thereof), or approval by the City of any such sale, transfer, conveyance or assignment, shall be deemed to relieve the Developer from any obligations under this Agreement.

The restrictions of this Section 108 shall terminate upon issuance by the City of a Release of Construction Covenants for the entire Site or any portion thereof, as applicable.

The City represents, warrants and covenants to the Developer as follows:

(i) The City is a municipal corporation, duly organized and in existence in accordance with the laws of the State of California. subject to the terms and conditions of this Agreement, (y) will execute and deliver such other documents, instruments, agreements, including (but not limited to) affidavits and certificates, as are necessary to effectuate the transaction contemplated herein, and (z) will take all such additional action necessary or appropriate to effect and facilitate the consummation of the sale and purchase transaction contemplated herein. (iii) With the exception of the Los Angeles County Regional Water Quality Control Board remediation investigation of the Agency Parcels, the Successor Agency has not received any notice of, and has no knowledge of, any pending or threatened litigation, taking or condemnation of the Agency Parcels or any portion thereof.

The Successor Agency additionally hereby represents and warrants that no rights of first refusal or similar agreements exist in connection with the Agency Parcels that would in any way interfere with or compromise the Developer's ability to purchase and develop the Agency Parcels in conjunction with the Participating Parcel as provided in the Agreement.

(v) The Agency Parcels has legal access to and from all street fronts and adjoining rights-of-way.

(vi) With the exception of the Los Angeles County Regional Water Quality Control Board remediation investigation of the Agency Parcels, neither the entering into this Agreement nor the consummation of the sales and development transaction contemplated hereby will constitute or result in a violation or breach by the Successor Agency of any judgment, order, writ, injunction or decree issued against or imposed upon it, or will result in a violation of any applicable law, order, rule or regulation of any governmental authority. With the exception of the Los Angeles County Regional Water Quality Control Board remediation investigation of the Agency Parcels, there is no action, suit, proceeding or investigation pending or threatened that creates a lien or that would become a cloud on the title to the Agency Parcels or any portion thereof or that questions the validity or enforceability of the transaction contemplated by this Agreement or any action taken pursuant hereto in any court or before or by any Federal, district, county, or municipal department, commission, board, bureau, city or other governmental instrumentality.

(vii) With the exception of the Los Angeles County Regional Water Quality Control Board remediation investigation of the Agency Parcels, the Successor Agency has no knowledge of, nor has the Successor Agency received any notice of, any actual or threatened action, litigation, or proceeding by any organization, person, individual or governmental agency (including governmental actions under condemnation authority or proceedings similar thereto) against the Agency Parcels or the Successor Agency nor has any such organization, person, individual or governmental agency communicated to the Successor Agency anything that the Successor Agency believes to be a threat of any such action, litigation or proceeding.

There is no action, suit, proceeding or investigation pending or threatened that creates a lien or that would become a cloud on the title to the Participating Parcel or any portion thereof or that questions the validity or enforceability of the transaction contemplated by this Agreement or any action taken pursuant hereto in any court or before or by any Federal, district, county, or municipal department, commission, board, bureau, agency or other governmental instrumentality.

(iii) With the exception of the Los Angeles County Regional Water Quality Control Board remediation investigation of the Agency Parcels, the Developer has no knowledge of, nor has the Developer received any notice of, any actual or threatened action, litigation, or proceeding by any organization, person, individual or governmental agency against it and/or the Participating Parcel that would preclude the Developer from acquiring the Agency Parcels and developing the Site pursuant to the terms and conditions of this Agreement.

(iv) To the best of the Developer's knowledge: (x) all assessments that are liens against the Participating Parcel are shown in the official records of the taxing authorities in whose jurisdiction the Site is located; (y) no improvements (site or area) have been constructed or installed by any public authority, the cost of which may be assessed in whole or in part against any part of the Participating Parcel in the future; and (z) the City has not been notified of any possible future improvements that might create an assessment against any part of the Participating Parcel.

The Developer additionally hereby represents and warrants that no rights of first refusal or similar agreements exist in connection with the Participating Parcel that would in any way interfere with or compromise the Developer's ability to develop the Participating Parcel in conjunction with the Agency Parcels as provided in the Agreement.

The City shall approve or disapprove each such submission of evidence of financing within the times established in the Schedule of Performance. Such approval shall not be unreasonably withheld. If the City shall disapprove any such evidence of financing, the City shall do so by written notice to the Developer stating the reasons for such disapproval. The Developer hereby expressly acknowledges and agrees that the Public Entities has ever previously affirmatively represented to the Developer or its contractor(s) for the construction or development of the improvements in writing or otherwise, in a call for bids or otherwise, that the work to be covered by this Agreement is not a “public work,” as defined in Labor Code Section 1720. Developer hereby agrees that Developer shall have the obligation to provide any and all disclosures or identifications required by Labor Code Section 1781, as the same may be enacted, adopted or amended from time to time, or any other similar law. The Developer shall indemnify, protect, defend and hold harmless the Public Entities and its respective officers, employees, contractors and agents, with counsel reasonably acceptable to the Public Entities, from and against any and all loss, liability, damage, claim, cost, expense and/or “increased costs” (including reasonable attorneys’ fees, court and litigation costs, and fees of expert witnesses) which, in connection with the development, construction (as defined by applicable law) and/or operation of the improvements, including, without limitation, any and all public works (as defined by applicable law), results or arises in any way from any of the following: (1) the noncompliance by the Developer of any applicable local, state and/or federal law, including, without limitation, any applicable federal and/or state labor laws (including, without limitation, the requirement to pay state prevailing wages); (2) the implementation of SB 966; (3) the implementation of Labor Code Section 1781 of the Labor Code, as the same may be enacted, adopted or amended from time to time, or any other similar law; and/or (4) failure by the Developer to provide any required disclosure or identification as required by Labor Code Section 1781, as the same may be enacted, adopted or amended from time to time, or any other similar law. It is mutually agreed by the parties that, in connection with the development, construction (as defined by applicable law) and operation of the improvements, including, without limitation,

any and all public works (as defined by applicable law), the Developer shall bear all risks of payment and/or non-payment of state prevailing wages and/or the implementation of SB 966 and/or Labor Code Section 1781, as the same may be enacted, adopted or amended from time to time, and/or any other similar law. "Increased costs" as used in this Section shall have the meaning ascribed to it in Labor Code Section 1781, as the same may be enacted, adopted or amended from time to time. The foregoing indemnity shall survive termination of this Agreement.

L. [§ 312] City and Other Governmental City Permits

Before commencement of construction or development of any buildings, structures or other work of improvement upon the Site, the Developer, with City assistance where necessary and appropriate, shall secure or cause to be secured, any and all permits which may be required by the City or any other governmental agency affected by such construction, development or work. The City shall use its good faith efforts to assist the Developer in securing these permits.

M. [§ 313] Rights of Access

Representatives of the City shall have a reasonable right of access to the Site, upon twenty-four (24) hours' prior written notice to the Developer, without charges or fees, at normal construction hours during the period of construction for the purposes of this Agreement, including, but not limited to, the inspection of the work being performed in constructing the Improvements. However, no such notice shall be required in the event of an emergency involving the Site or any portion thereof.

Representatives of the City shall be those who are so identified in writing by the City Manager of the City (or his/her designee). Such representatives shall also be responsible for providing any required written notice to the Developer. All activities performed on the Site by the representatives shall be done in compliance with all applicable laws and regulations regarding health and safety, including any written safety rules and regulations of the Developer.

N. [§ 314] Responsibilities of the Public Entities

The City shall only be responsible for performing any work specified in the Scope of Development (Attachment No. 4) requiring City performance. Developer fully acknowledges and agrees that under no circumstances and notwithstanding anything contained in this Agreement to the contrary, the Successor Agency shall have no responsibility for performing any of the work specified in the Scope of Development.

O. [§ 315] Taxes, Assessments, Encumbrances and Liens

The Developer shall pay when due all real estate taxes and assessments assessed and levied on or against the Agency Parcels, and all portions thereof, subsequent to the conveyance of the title or possession. However, the Developer shall be responsible at all times for the payment when due of all real estate taxes and assessments assessed and levied on or against the

Participating Parcel. The Developer shall not place, or allow to be placed on the Site or any portion thereof, any mortgage, trust deed, encumbrance or lien not authorized by this Agreement. The Developer shall remove, or shall have removed, any levy or attachment imposed on the Site or any portion thereof, except those created by work of the City, or shall assure the satisfaction thereof within a reasonable time but in any event prior to a sale thereunder. Nothing herein contained shall be deemed to prohibit the Developer from contesting the validity or amount of any tax assessment, encumbrance or lien, nor to limit the remedies available to the Developer in respect thereto. The covenants of the Developer set forth in this Section 315 relating to the placement of any unauthorized mortgage, trust deed, encumbrance, or lien, shall remain in effect only until a Release of Construction Covenants has been recorded with respect to the Site or the portion thereof upon which any unauthorized mortgage, trust deed, encumbrance or lien might be placed.

P. [§ 316] Prohibition Against Transfer Prior to Issuance of a Release of Construction Covenant

Prior to the issuance by the City of a Release of Construction Covenants pursuant to Section 324 of this Agreement, the Developer shall not, except as permitted by this Agreement, assign or attempt to assign this Agreement or any right herein with respect to the Site (or portion thereof), nor make any total or partial sale, transfer, conveyance or assignment of the whole or any part of the Site or the Improvements thereon, without prior written approval of the City. This prohibition shall not be deemed to prevent the granting of leases, easements or permits necessary to facilitate the development of the Site, nor shall it prohibit granting any security interests expressly described in this Agreement for financing the acquisition and development of the Site.

In the event that the Developer does assign this Agreement or any of the rights herein, or does sell, transfer, convey or assign any part of the Site or the buildings or structures thereon for any reason other than an involuntary condemnation action by a public entity against the Site, or any such buildings or structures thereon, prior to the recordation of the Release of Construction Covenants in violation of this Agreement, the City shall be entitled to increase the purchase price paid by the Developer for the Agency Parcels by the amount that the pro-rata consideration attributable and payable for such sale, transfer, conveyance or assignment of the Agency Parcels is in excess of the purchase price paid by the Developer for the Agency Parcels, plus the cost of any improvements and development, including carrying charges and costs related thereto. To the extent such consideration payable for such sale, transfer, conveyance or assignment is in excess of the original purchase price paid by the Developer for the Agency Parcels plus the cost of the Improvements and development, including carrying charges and costs related thereto, such excess shall belong and be paid to the City and until so paid, the City shall have a lien on the Site (or applicable portion thereof), as the case may be, for such amount. Any such lien shall be subordinate and subject to mortgages, deeds of trust, or other security instruments executed for the sole purpose of obtaining funds to purchase and develop the Site (or portion thereof) as authorized herein. At the time of any such sale, transfer, conveyance or assignment, the Developer shall submit to the City sufficient information reasonably required by the City to demonstrate that there is no such excess consideration received with respect to any such sale, transfer, conveyance or assignment or pursuant to the terms of this paragraph.

In the absence of a specific written agreement by the City, no such sale, transfer, conveyance or assignment of this Agreement or the Site (or any portion thereof), or approval by the City of any such sale, transfer, conveyance or assignment, shall be deemed to relieve the Developer or any other party from the obligations of this Agreement.

Q. [§ 317] Security Financing; Right of Holders

[Reserved]

R. [§ 318] No Encumbrances except Mortgages, Deeds of Trust, Conveyances and Leasebacks or Other Conveyance for Financing for Development

Notwithstanding Section 316 above, after conveyance of title and possession to any portion of the Agency Parcels to Developer, mortgages, deeds of trust, conveyances and leasebacks, or any other form of conveyance required for any reasonable method of financing are permitted with respect to the Site before the recordation of the Release of Construction Covenants (referred to in Section 324 of this Agreement), but only for the purpose of securing loans and funds to be used for financing the acquisition of the Agency Parcels, the construction of the Improvements on the Site, and any other expenditures necessary and appropriate to develop the Site pursuant to the terms of this Agreement. The Developer shall notify the City in advance of any mortgage, deed of trust, conveyance and leaseback, or other form of conveyance for financing if the Developer proposes to enter into the same before the recordation of the Release of Construction Covenants. The Developer shall not enter into any such conveyance for financing without the prior written approval of the City, which approval the City agrees to give if any such conveyance is provided by a responsible financial or lending institution or other acceptable person or entity. Such lender shall be deemed approved unless rejected in writing by the City within thirty (30) days after receipt of notice thereof by the City. Such lender approved by the City pursuant to this Section 318, shall not be bound by any amendment, implementation, or modification to this Agreement subsequent to its approval without such lender giving its prior written consent. City and Developer shall not modify or amend this Agreement without such lender's giving its prior written approval.

In any event, the Developer shall promptly notify the City of any mortgage, deed of trust, lease, conveyance and leaseback, or other financing, conveyance, encumbrance or lien that has been created or attached to the Site (or any portion thereof) prior to completion of the construction of the improvements thereon whether by voluntary act of the Developer or otherwise.

The words "mortgage" and "deed of trust" as used herein include all other appropriate modes of financing real estate acquisition, construction, and land development.

S. [§ 319] Holder Not Obligated to Construct Improvements

The holder of any mortgage, deed of trust or other security interest authorized by this Agreement shall in no way be obligated by the provisions of this Agreement to construct or complete the improvements or to guarantee such construction or completion; nor shall any covenants or any other provision in the grant deed for the Site be so construed as to so obligate such holder. Nothing in this Agreement shall be deemed or construed to permit, or authorize any such holder to devote the Site to any uses, or to construct any improvements thereon, other than those uses or improvements provided for or authorized by this Agreement.

T. [§ 320] Notice of Default to Mortgage. Deed of Trust or Other Security Interest Holders; Right to Cure

Whenever the City shall deliver any notice or demand to the Developer with respect to any breach or default by the Developer in completion of construction of the Improvements, the City shall at the same time deliver to each holder of record of any mortgage, deed of trust or other security interest authorized by this Agreement a copy of such notice or demand. Each such holder shall (insofar as the rights of the City are concerned) have the right at its option within ninety (90) days after the receipt of the notice, to cure or remedy, or commence to cure or remedy, any such default and to add the cost thereof to the security interest debt and the lien of its security interest. If such default shall be a default which can only be remedied or cured by such holder upon obtaining possession, and such holder has elected to remedy or cure such default, such holder shall seek to obtain possession with diligence and continuity through foreclosure, deed in lieu of foreclosure or such other procedure as the holder may elect, and shall remedy or cure such default within ninety (90) days after obtaining possession; provided, however, that in the case of a default which cannot diligently be remedied or cured, or the remedy or cure of which cannot be commenced within such 90-day period, such holder shall have such additional time as reasonably necessary to remedy or cure such default with diligence and continuity. Moreover, any such holder shall also not be required to remedy or cure any non-curable default of the Developer. Nothing contained in this Agreement shall be deemed to permit or authorize such holder to undertake or continue the construction or completion of the Improvements (beyond the extent necessary to conserve or protect the Improvements or construction already made) without first having expressly assumed the Developer's obligations to the City by written agreement reasonably satisfactory to the City. The holder in that event must agree to complete, in the manner provided in this Agreement, the Improvements to which the lien or title of such holder related, and submit evidence reasonably satisfactory to the City that it has the qualifications and/or financial responsibility necessary to perform such obligations. Any such holder properly completing such Improvements shall be entitled, upon written request made to the City, to a Release of Construction Covenants from the City.

U. [§ 321] Failure of Holder to Complete Improvements

In any case where six (6) months after default by the Developer relative to the completion of construction of the Improvements on the Site (for which a Release of Construction Covenants has not yet been issued the City pursuant to this Agreement), the holder of any mortgage, deed of

trust or other security interest creating a lien or encumbrance upon the Site (or portion thereof) has not exercised the option to construct, or if it has exercised the option but has not proceeded diligently with construction (including diligent efforts to obtain possession if necessary), the City may purchase the mortgage, deed of trust or other security interest by payment to the holder of the amount of the unpaid debt, plus any accrued and unpaid interest and other charges properly payable under the mortgage, deed of trust or other security interest; provided, however, that the holder shall have thirty (30) days after its receipt of notice from the City of its intent to effect this purchase, in which the holder may exercise the option to construct (if it has not previously done so), or may resume to proceed diligently with construction, as the case may be, and if the holder does so act, the notice from the City shall be deemed withdrawn; the foregoing right to delay purchase by the City may be exercised only once by the holder. If the ownership of the Site (or any portion thereof) has vested in the holder, the City, if it so desires, shall be entitled to a conveyance from the holder to the City upon payment to the holder of an amount equal to the sum of the following as they pertain to the Site (or portion thereof):

- (a) The unpaid mortgage, deed of trust or other security interest debt at the time title became vested in the holder (less all appropriate credits, including those resulting from collection and application of rentals and other income received during foreclosure proceedings).
- (b) All expenses with respect to foreclosure.
- (c) The net expense, if any (exclusive of general overhead), incurred by the holder as a direct result of the subsequent ownership or management of the Site (or portion thereof), such as insurance premiums and real estate taxes.
- (d) The cost of any Improvements on the Site made by such holder.
- (e) An amount equivalent to the interest that would have accrued on the aggregate of such amounts had all such amounts become part of the mortgage or deed of trust debt and such debt had continued in existence to the date of payment by the City.

V. [§ 322] Right of City to Cure Mortgage, Deed of Trust, or Other Security Interest Default

In the event of a default or breach by the Developer of a mortgage, deed of trust or other security interest with respect to the Site (or portion thereof) prior to the issuance of a Release of Construction Covenants by the City, and the holder has not exercised its option to complete the development, the City may cure the default prior to completion of any foreclosure. In such event, the City shall be entitled to reimbursement from the Developer of all costs and expenses incurred by the City in curing the default. The City shall also be entitled to a lien upon the Site (or portion thereof) to the extent of such costs and disbursements. Any such lien shall be subordinate and subject to mortgages, deeds of trust, or other security instruments executed for the sole purpose of obtaining funds to purchase and develop the Site (or portion thereof) as authorized herein.

Notwithstanding the preceding paragraph, Developer hereby acknowledges that the City shall be under no obligation pursuant to this section to cure any such default.

W. [§ 323] Right of the City to Satisfy Other Liens on the Property after Title Passes

Prior to the recordation of the Release of Construction Covenants (referred to in Section 324 of this Agreement), and the Developer, after a thirty (30) day period following its receipt of notice of the existence of any such liens or encumbrances, has failed to challenge, cure or satisfy any such liens or encumbrances on the Site (or the applicable portion thereof), the City shall have the right to satisfy any such liens or encumbrances; provided, however, that nothing in this Agreement shall require the Developer to pay or make provisions for the payment of any tax, assessment, lien or charge so long as the Developer in good faith contests the validity or amount thereof, and so long as such delay in payment shall not subject the Site (or the applicable portion thereof) to forfeiture or sale.

X. [§ 324] Release of Construction Covenants

Promptly after completion of all construction and development of the Improvements to be completed by the Developer upon the Site, the City shall furnish the Developer with a Release of Construction Covenants upon written request therefor by the Developer. The City shall not unreasonably withhold any such Release of Construction Covenants. Such Release of Construction Covenants shall be, and shall so state, conclusive determination of satisfactory completion of the construction required by this Agreement upon the Site, in substantial compliance with the plans, drawings and related document referred in Sections 304 and 305, and of full compliance with the terms hereof with respect to the development of the Improvements upon the Site. Notwithstanding the foregoing, the City may also furnish the Developer with a Release of Construction Covenants for portions of the improvements that are properly completed and ready to use if the Developer is not in default of this Agreement. After the recordation of the Release of Construction Covenants with regard to any portion of the Site, any party then owning or thereafter purchasing, leasing, or otherwise acquiring any interest therein shall not (because of such ownership, purchase, lease or acquisition) incur any obligation or liability under this Agreement, except that such party shall be bound by any covenants contained in the deed, lease, mortgage, deed of trust, contract or other instrument of transfer which shall include the provisions of Sections 400 through 404 (inclusive) of this Agreement. Neither the City nor any other person, after the recordation of the Release of Construction Covenants, shall have any rights, remedies or controls that it would otherwise have or be entitled to exercise under this Agreement with respect to the Site (or any portion thereof) as a result of a default in or breach of any provision of this Agreement, and the respective rights and obligations of the parties with reference to the Site (or portion thereof) shall be limited thereafter to those set forth in the documents recorded pursuant to Sections 400 through 404 (inclusive) of this Agreement.

The Release of Construction Covenants shall be in the form of Attachment No. 8 attached hereto and fully incorporated herein by this reference to be recorded in the Office of the Recorder of Los Angeles County.

If the City refuses or fails to furnish a Release of Construction Covenants for the Site (or portion thereof) after written request from the Developer, the City shall, within ten (10) days of the written request, provide the Developer with a written statement which details the reasons the City refused or failed to furnish a Release of Construction Covenants. The statement shall also contain the City's opinion of the action the Developer must take to obtain a Release of Construction Covenants. If the reasons for such refusal are confined to the immediate unavailability of specific items or materials for landscaping, the City will issue its Release of Construction Covenants upon the posting of a bond by the Developer with the City in an amount representing a fair value of the work not yet completed. If the City shall have failed to provide such written statement within said 10-day period, the Developer shall be deemed entitled to the Release of Construction Covenants.

Such Release of Construction Covenants shall not constitute evidence of compliance with or satisfaction of any obligation of the Developer to any holder of a mortgage, or any insurer of a mortgage securing money loaned to finance the improvements, nor any part thereof. Such Release of Construction Covenants is not a Notice of Completion as referred to in Section 3093 of the California Civil Code.

Y. [§ 325] Project Identification Sign

Prior to commencement of any construction on the Site up until the issuance of a Release of Construction Covenants by the City as set forth in Section 324 above, the Developer shall prepare and install, at its cost and expense, a project identification sign at one location along the street frontage of the Site. The sign shall be at least eighteen (18) square feet in size and visible to passing pedestrian and vehicular traffic. The design of the sign as well as its proposed location shall be submitted to the City for review and approval prior to installation. The sign shall, at a minimum, include:

- Development name
- Developer
- The phrase:

A Project of the Inglewood Redevelopment City

Mayor: James T. Butts, Jr.

Councilmembers:	George Dodson	1 st District
	Alex Padilla	2 nd District
	Eloy Morales	3 rd District
	Ralph Franklin,	4 th District

- Completion Date _____.
- For information call

Developer shall obtain a current roster of Inglewood Redevelopment City before signs are printed.

IV. [§ 400] USE OF THE SITE

A. [§ 401] Uses

The Developer covenants and agrees for itself, its successors, its assigns and every successor in interest to the Site or any part thereof, that, subject to the limitations specified in Section 405, during construction and thereafter the Developer, its successors and assignees shall devote the Site to the uses specified in the Redevelopment Plan, the development standards established in the Scope of Development (Attachment No.4), the City Zoning Code and the Grant Deed.

B. [§ 402] Maintenance of the Site

During construction and all times thereafter, the Developer, and its successors and assigns, shall maintain the Improvements on the Site and shall keep the Site reasonably free from graffiti and any accumulation of debris or waste materials. During construction and all times thereafter, the Developer, and its successors and assigns, shall also maintain the landscaping required to be planted under the Scope of Development in a healthy condition.

If the Developer fails to maintain the Site as required, the Developer agrees that the City shall have the right, but not the obligation, after giving five (5) business days' written notice to the Developer, to perform or cause the performance of all necessary maintenance at the Developer's expense. In such event, the City also be entitled to all related administrative or other costs associated with said performance of maintenance. Until fully reimbursed by the Developer, the City shall have a lien upon the Site in the amount of all such maintenance and related costs as set forth above.

C. [§ 403] Obligation to Refrain from Discrimination

The Developer covenants and agrees for itself, its successors, its assigns and every successor in interest to the Site or any part thereof, there shall be no discrimination against or segregation of any person, or group of persons, on account of sex, marital status, race, color, creed, religion, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the Site nor shall the Developer itself or any person claiming under or through it establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees of the Site.

D. [§ 404] Form of Nondiscrimination and Nonsegregation Clauses

The Developer shall refrain from restricting the rental, sale or lease of the property on the basis of sex, marital status, race, color, creed, religion, ancestry or national origin of any person.

All deeds, leases or contracts shall contain or be subject to substantially the following nondiscrimination or nonsegregation clauses:

1. In deeds: “The grantee herein covenants by and for itself, its successors and assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of any person or group of persons on account of sex, marital status, race, color, creed, religion, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the land herein conveyed, nor shall the grantee itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees in the land herein conveyed. The foregoing covenants shall run with the land.”
2. In leases: “The lessee herein covenants by and for itself, its successors and assigns, and all persons claiming under or through them, and this lease is made and accepted upon and subject to the following conditions:

“That there shall be no discrimination against or segregation of any person or group of persons, on account of sex, marital status, race, color, creed, religion, national origin or ancestry in the leasing, subleasing, renting, transferring, use, occupancy, tenure or enjoyment of the land herein leased, nor shall lessee itself, or any person claiming under or through it, establish or permit such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, sublessees, subtenants, or vendees in the land herein leased.”
3. In contracts: “There shall be no discrimination against or segregation of any person or group of persons on account of sex, marital status, race, color, religion, creed, national origin or ancestry in the sale, lease, sublease, transfer, use, occupancy, tenure or enjoyment of the land, nor shall the transferee itself or any person claiming under or through it, establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, or vendees of the land.”

E. [§ 405] Effect and Duration of Covenants

The covenants established in this Agreement shall, without regard to technical classification and designation, be binding on Developer and any successor in interest to the Site, or any part thereof, for the benefit and in favor of the City and the Inglewood Redevelopment Agency and their respective successors and assigns. Such covenants as are to survive the recordation of the Release of Construction Covenants by the City shall be contained in the Grant Deed (Attachment No. 5) and shall remain in effect for the period specified therein. Covenants in

this Agreement not expressly set forth in the Grant Deed shall terminate upon the issuance of a Release of Construction Covenants therefor.

F. [§ 406] Rights of Access - Public Improvements and Facilities

The City for itself, and for the City and other public agencies, at their sole risk and expense, reserves the right to enter the Site or any part thereof at all reasonable times after twenty-four (24) hours' prior written notice to the Developer, and with as little interference as possible, for the purpose of constructing, reconstructing, maintaining, repairing or servicing any of the public improvements or public facilities located on the Site. Any such entry shall be subject to the 24-hour notice requirement unless there is an emergency for which immediate access to the Site is required of the City for any required construction, reconstruction, maintenance, repair or service of the public improvements or public facilities on the Site. The City shall indemnify and hold the Developer harmless from any claims or liabilities pertaining to such entry. Any damage or injury to the Site resulting from such entry shall be promptly repaired at the sole expense of the public agency responsible for the entry. The Developer also agrees to give the same rights set forth above to the City and/or other public agencies provided the City and/or other public agencies agree to be bound by the conditions set forth in this Section. The rights set forth in this Section shall be applicable to any portion of the Site.

V [§ 500] DEFAULTS, REMEDIES AND TERMINATION

A. [§501] Defaults - General

Subject to the extensions of time set forth in Section 604 and the cure periods provided in Section 507 hereof, any material failure or delay by either party to perform any term or provision of this Agreement shall constitute a default under this Agreement. The party who fails or delays must promptly commence to cure, correct or remedy such failure or delay and continue to take all steps necessary to completely cure, correct or remedy such failure or delay with reasonable diligence.

The injured party shall give written notice of default to the party in default, specifying the default complained of by the injured party. Failure or delay in giving such notice shall not constitute a waiver of any default, nor shall it change the time of default. Except as otherwise expressly provided in this Agreement, any failures or delays by either party in asserting any of its rights and remedies as to any default shall not operate as a waiver of any default or of any such rights or remedies. Delays by either party in asserting any of its rights and remedies shall not deprive either party of its right to institute and maintain any actions or proceedings which it may deem necessary to protect, assert or enforce any such rights or remedies provided such actions or proceedings are initiated prior to the default being cured by the defaulting party.

B. [§ 502] Legal Actions

1. [§ 503] Institution of Legal Actions

In addition to any other rights or remedies, either party may institute legal action to cure, correct or remedy any default, to recover damages for any default, or to obtain any other remedy consistent with the purpose of this Agreement. Such legal actions must be instituted in the Superior Court of the County of Los Angeles, State of California, in any other appropriate court of that county, or in the Federal District Court in the Central District of California; provided, however, that if any such legal action cannot be instituted within said forums, such action must be instituted within the nearest available forum within the State of California.

2. [§ 504] Applicable Law

The laws of the State of California shall govern the interpretation and enforcement of this Agreement.

3. [§ 505] Acceptance of Service of Process

In the event that any legal action is commenced by the Developer against the City, service of process on the City shall be made by personal service upon the City Manager of the City, or in such other manner as may be provided by law.

In the event that any legal action is commenced by the Developer against the Successor Agency, service of process on the Successor Agency shall be made by personal service upon the Executive Director, or in such manner as may be provided by law.

In the event that any legal action is commenced by the City and/or the Successor Agency against the Developer, service of process on the Developer shall be made by personal service upon any officer or managing member of the Developer and shall be valid whether made within or without the State of California, or in such manner as may be provided by law.

C. [§ 506] Rights and Remedies Are Cumulative

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative, and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

D. [§ 507] Damages

If either party is in default with regard to any of the provisions of this Agreement, the nondefaulting party shall serve written notice of such default upon the defaulting party. If the default is not cured by the defaulting party within ten (10) days after receipt of a notice of default

in the event of a monetary obligation, or within thirty (30) days for any other type of default, then the nondefaulting party may thereafter (but not before) commence an action for damages against the defaulting party with respect to such default. However, in the event that the default (other than a monetary obligation) is the type in which the defaulting party is incapable of curing within the thirty (30) day cure period, then if the defaulting party fails to commence the necessary actions to cure the default within the requisite thirty (30) days and fails to continuously and diligently cure the subject default within a reasonable period of time after commencement, then the nondefaulting party may thereafter (but not before) commence an action for damages against the defaulting party with respect to such default.

E. [§ 508] Specific Performance

If the Public Entities is in default with regard to any of the provisions of this Agreement, the Developer shall serve written notice of such default upon the City and/or the Successor Agency, as applicable. If the default is not cured by the City and/or the Successor Agency, as applicable, within ten (10) days after receipt of the notice of default in the event of a monetary obligation, or within thirty (30) days for any other type of default, then the Developer may thereafter (but not before, unless necessary to prevent immediate harm) commence an action for specific performance of the terms of this Agreement against the City and/or Successor Agency, as applicable, with respect to such default. However, in the event that the default (other than a monetary obligation) is the type in which the City and/or the Successor Agency, as applicable, is incapable of curing within thirty (30) days, then if the City and/or Successor Agency, fails to commence the necessary actions to cure the default within the thirty (30) day cure period and thereafter fails to cure the subject default in a continuous and diligent manner within a reasonable period of time after commencement, then the Developer may thereafter (but not before, unless necessary to prevent immediate harm) commence an action for specific performance of the terms of this Agreement against the City with respect to such default.

F. [§ 509] Remedies and Rights of Termination

1. [§510] Termination by Developer

In the event that prior to the date established in the Schedule of Performance (Attachment No. 3) for the conveyance of title and possession of the Site to the Developer:

- a. the Developer is unable, despite commercially reasonable efforts, and within the time established respectively therefor in the Schedule of Performance to obtain approval from the City of any requisite Preliminary Subdivision Map, or Final Subdivision Map with respect to the Site, as referred to as “Subdivision Maps” in Section 703 of this Agreement; or
- b. the Developer is unable, despite commercially reasonable efforts, to obtain financing consistent with this Agreement, for the acquisition of the Agency Parcels and construction and development of the improvements on the Site in accordance with this Agreement and the Scope of

Development (Attachment No. 4) and deliver to the City any submission of evidence of financing referred to in Section 219 within the time established therefor in the Schedule of Performance; or

- c. the Developer is unable, despite commercially reasonable efforts, to obtain prior to the date established in this Agreement for conveyance of the Agency Parcels, any of the following permits or entitlements for the development of the Site in accordance with this Agreement (including the Scope of Development) and the Drawings approved by the City:
 - i) final discretionary permits and/or approvals required for the development of the Site by the City or any other governmental entity having applicable jurisdiction; or
 - ii) all utility permits including any applicable sewer and water permits; or
 - iii) building permits; or
- d. the Developer shall reasonably determine that the condition on the Agency Parcels is not suitable for development thereon pursuant to Section 212 of this Agreement prior to the conveyance date established therefor in the Schedule of Performance; or
