SECTION 1.

1. That the proposed amendments are consistent with the intent of the
   Inglewood General Plan to provide for the orderly development and
   redevelopment of the City while preserving a measure of diversity among
   its parts, and to promote sound economic development and increase
   employment opportunities for the City's residents by responding to
   changing economic conditions. Approval of the text amendments will
   create the Zoning Code framework to allow the orderly development of
   238 acres of land and will ensure that there are guidelines, development
   standards, design standards and procedures in place to foster and create
   a quality development consistent with long-term General Plan goals.

2. That the proposed zoning code text amendments will provide consistency
   with the Inglewood General Plan Land Use Maps and related General
   Plan Elements as well as ensure consistency with other applicable Zoning
   Code provisions.

3. That the proposed zoning code text amendments will encourage orderly
   development and will not create standards, guidelines, procedures or
   policies that are injurious to the public health or welfare or that may be
injurious to the property or improvements in the Hollywood Park Specific Plan zone or vicinity.

4. Pursuant to the California Environmental Quality Act, Public Resources Code, §§ 21000, et seq. Prior to making a decision on the amendments, the City Council reviewed and considered the EIR and certified the EIR, made certain environmental findings, adopted a Mitigation Monitoring and Reporting Program, and adopted a Statement of Overriding Considerations for significant and unavoidable impacts of the Project that would remain even with the implementation of necessary mitigation measures specified in the EIR.
