The County of Los Angeles Fire Department and The City of Inglewood Office of Emergency Services is proud to present C.E.R.T. training to the public.

Following a major disaster, police, fire, and medical professionals may not be able to fully meet the initial demand of the community. People will have to rely on each other to meet the immediate life saving and life sustaining needs, *particularly* in isolated neighborhoods that may be cut off from the main roads for a period of time.

The County of Los Angeles Fire Department's Community Emergency Response Team (C.E.R.T.) program was developed to provide basic training in safety and life saving skills for the general public.
