## Champions Field

Thank you for your interest in Champions Field. As you can imagine, we receive numerous requests annually for field usage – more than we can accommodate. Our goal is to serve as many groups as possible. In order to better serve the community, we have put together an annual calendar that outlines dates and deadlines when the department will accept applications for use of Champions Field. Please mark your calendars, as reminders will not be sent out. Also, keep in mind that reservations are granted on a quarterly basis and are for a 3-month period only. **Field demands change from season to season, as such on-going usage is NOT guaranteed.**

User groups wishing to be considered must complete and submit **ALL** of the documents listed on the Champions Field Checklist. All documents must be received by the deadline. Please be advised that applications are only accepted via email or by fax. No in-person applications will be accepted. Please note that only applicants who submit a completed packet with **ALL** the requested documents will be considered. **Current user groups must resubmit paperwork every quarter. This includes all of the documents listed on the Champions Field Checklist. No exceptions!**
