Welcoming the new Normal
Greetings!

Spring is here and summer is fast approaching! After a year of unusual circumstances brought on by COVID-19, we’re all looking forward to getting back to some level of normal – a new normal. Since we are still working to beat this pandemic, the safest way to do that is by spending more of your recreation and leisure time OUTDOORS! City parks are a great place to be active and have fun with your family. Our current recreation campaign - Every Body Plays – is designed to get our youth moving and active in our parks again. Additionally, our tennis program, self-defense, Zumba, and art classes, movies in the park, summer day camps, aquatics, and sports offerings provide opportunities for families to enjoy the great outdoors while participating in wholesome and healthy recreation activities.

We also invite you to take advantage of our virtual programming. The Inglewood Library has an outstanding list of virtual reading and learning options. While viewing the Library offerings, also check out their new logo which was designed to illustrate the Library’s bright future and commitment to reading, literacy and innovation.

Lastly, mark your calendar for our Virtual Memorial Day Celebration taking place on Monday, May 31st via the City’s Facebook page. We look forward to returning to our in person events in the future. That will depend upon our continued efforts to stop the spread of COVID-19. We will keep you posted. As sectors continue to open, please visit the City’s website for the latest information regarding what’s open and what’s not in the City of Inglewood.

Remember to keep each other safe by keeping those masks on, keeping a good distance apart and washing and sanitizing your hands frequently. We’ve made great strides in beating the pandemic. Let’s finish strong.

Stay safe!

Artie Fields

The Community Information Guide is published quarterly by the City of Inglewood.
The 28-acre Clippers arena project will be located near the corner of Century Boulevard and Prairie Avenue – include an 18,000 seat world class arena, a full-time team headquarters building, a team training facility, sports medicine clinic, community spaces, restaurants, retail shops, and a hotel. The facility is set to open in 2024.

THE CLIPPERS ARENA INGLEWOOD IS A WIN FOR OUR COMMUNITY!

- 100% privately financed, using NO public money
- Construction is scheduled to begin in 2021 and completed in 2024
- 7,000 union construction jobs with a 30% local hire goal
- 1,500 permanent, operation jobs with 35% earmarked for Inglewood residents
- Goal of employing 30% minority-owned and disadvantaged businesses during construction
- More than $100 million in estimated tax revenue from 2020 to 2045 to fund a range of critical city services
- $100 million Community Benefits package with $75 million for affordable housing programs, $5 million in support of first-time home buyers and renters and $20 million for youth and family programs
- Net-Zone for greenhouse gases with roof top solar panels generating more than 1 million kilowatt hours of electricity a year and 1,000 trees planted within city boundaries
- A traffic mitigation program to reduce project vehicle trips by 15% and improve traffic flow on-event days, including road and traffic signal timing improvements
- 1,500 permanent, operation jobs with 35% earmarked for Inglewood residents

ONE OF THE MOST ENVIRONMENTALLY FRIENDLY SPORTS VENUES IN CALIFORNIA HISTORY

- 1 million on-site kilowatt hours a year from rooftop solar panels
- Water savings of at least 40%
- Zero-waste program with recycling and composting
- 330 on-site electrical vehicle chargers
- 1,000 new trees planted in Inglewood
- 1,000 EV chargers for residents in Inglewood and surrounding communities
- Providing zero emission buses for local transit system
- Replacement of 10 Inglewood municipal fleet vehicles with zero emission vehicles
GUIDELINES
DURING THE
COVID-19 Pandemic

In an effort to provide the highest level of customer service and assistance in a way that minimizes potential exposure to COVID-19, city services are being offered remotely by phone, email or online. City Hall in-person services are provided by APPOINTMENT ONLY.

To make an appointment or to obtain information related to online services, please see below for appropriate City contact information.

Administration (310) 412-5301

GUIDELINES
DURING THE COVID-19 Pandemic

WHILE INSIDE

MAINTAIN PHYSICAL DISTANCING
All visitors must maintain a minimum of six (6) feet of physical distance at all times. Additionally, no more than three people may use the elevators at a time.

FOLLOW INSTRUCTIONS
Visitors must follow instructions given by the City of Inglewood Security Officers or any Inglewood employees, and do business in a timely manner. Visitors are also required to stay behind partitions and wait at the appropriate floor decal for assistance.

KEEP CHILDREN SAFE
Children must be accompanied by an adult at all times. For their safety, children are not allowed to roam freely throughout City Hall.

KEEP SANITIZED
Public restrooms will remain open for City Hall visitors only. Hand sanitizers are available to the public at the entrance to City Hall and at all major City service counters.

FOR ASSISTANCE
SEE THE SECURITY DESK
A Security Officer will be at the entrance of City Hall to assist you.

GO ONLINE
Visit the City’s website at cityofinglewood.org
THINGS TO KNOW
BEFORE VISITING CITY HALL

For your safety and convenience, Inglewood City Hall has made several changes to its operations and public safety requirements to minimize exposure to COVID-19. The following information is provided for your benefit before returning to City Hall for conducting business or obtaining City services.

CALL OR GO ONLINE

Many City services can now be accessed online or by phone in lieu of coming to City Hall. The public is encouraged to access City Hall services and conduct business remotely.

Please see the “ONLINE & TELEPHONE CITY SERVICES DIRECTORY” on the previous page to contact the appropriate Inglewood department or division for more information, or visit the City of Inglewood website at cityofinglewood.org

REQUIRED FOR ENTRY

APPOINTMENT

At this time, visitors are allowed to enter City Hall on an appointment-only basis. Visitors without appointments are subject to City staff availability. To make an appointment, please call the appropriate City division or department listed on the “ONLINE & TELEPHONE CITY SERVICES DIRECTORY” on the previous page. Once you have an appointment and arrive at City Hall, please check in with the security officers located at the City Hall entrance. Visitors to City Hall without appointments may experience delayed services, however, every effort will be made to accommodate any urgent matters. Please be mindful that congregating in waiting areas is prohibited.

FACE COVERING

All City Hall visitors are required to wear a face covering over their mouth and nose at all times. Visitors will not be permitted to enter City Hall without a face covering. Wearing of a face covering will be strictly enforced. If you don’t have a face covering one may be provided to you based on availability. Children under the age of 2 should not wear cloth face coverings. Those between the ages of 2 and 8 should use them but under adult supervision. Children with breathing problems should not wear a face covering.

City Hall has only one designated public entrance, located on the 1st floor East Main Entry. All other entrances, including the 2nd floor entrances are closed to the public.
A lot of government money was spent to get many companies to work on this vaccine and to put all of their scientists to work on it around the clock. That helped speed everything up.

In fact, the two vaccines that have been approved to protect against COVID-19 were studied on more than 70,000 volunteers, including adults of all ages and different racial and ethnic groups, and were found to work very well and be equally safe for all.

The Facts:

MYTH 1
The vaccine was developed too fast - I don't think they know enough about it.

The Facts: These vaccines could be made fast and still be safe for the three simple reasons.

- There was a lot of research done on the kind of virus that causes COVID-19 before this virus showed up. So scientists had a big head start about the kind of vaccine that would work best to fight this virus.

- A lot of government money was spent to get many companies to work on this vaccine and to put all of their scientists to work on it around the clock. That helped speed everything up.

- While every step that has to be followed to make a new vaccine and be sure it is safe was followed, some of the steps were done at the same time instead of one after another. It is like cooking several parts of a meal at once instead of cooking one course at a time. You get done sooner but it’s just as good.

In fact, the two vaccines that have been approved to protect against COVID-19 were studied on more than 70,000 volunteers, including adults of all ages and different racial and ethnic groups, and were found to work very well and be equally safe for all.

MYTH 2
Only 1% of people who get COVID-19 die of it. Won’t the vaccine kill more people than that?

The Facts: COVID-19 is a lethal disease. Seasonal flu can be very dangerous but it kills about one person in every thousand infected, while COVID-19 kills one out of a hundred people who are infected. No one has died from the two approved vaccines.

- Some people wonder if that could be just because volunteers who took part in vaccine trials were not traveled for long enough for us to know if there will be deaths. It’s true that we only have 3 months of experience watching people who got these vaccines, but we do have experience with other vaccines and the vast majority of ill effects show up within hours or days. There is no basis for believing we will see something different here.
MYTH 3  The vaccines can make you sick with COVID-19.
The Facts:  The current vaccines don’t include the virus in any form – no live virus, no weakened virus, no dead virus. You just cannot get the disease from the vaccine.

- Some of the other vaccines use the virus they are fighting in some form to charge up an immune response. The current COVID-19 vaccines do not work that way so there is no way that they could give you COVID-19.

- It is possible to catch the disease in the first few days after your vaccination before the vaccine has a chance to work, but that would not mean you got sick from the vaccine. For most people, the vaccine needs 7 days before it starts to work. And both these vaccines require a second dose before a person is fully protected from getting sick from the virus.

It is easy to be confused about this because you might feel some side effects for a while after getting the vaccine. In fact, about half of the volunteers who tested these vaccines experienced some side effects: most of these effects were mild and did not require any treatment or change in daily activity and lasted for 1-2 days. What they were feeling was not COVID-19, however, not even a mild case of COVID-19. There were feeling symptoms of an immune response, which means that the vaccine was at work developing antibodies to protect them from COVID-19.

MYTH 4  These vaccines use genetic material to fight the virus. That means they can affect our genes.
The Facts:  These vaccines do use genetic material, called mRNA, (that stands for “messenger” RNA) to fight the virus but it doesn’t do anything to your genes.

- Just as its name says, mRNA works like a messenger. In this case, the mRNA used in the vaccine tells your body to make a protein that kicks your immune system into action. The mRNA lets your body get a message from the virus without having to run into the viruses directly.

- But it doesn’t affect your genes. Keep in mind that you encounter genetic material from other plants and animals all the time, when you eat them. Your body breaks them down into their basic chemicals, using the proteins and fats and carbohydrates they contain to give you energy and make your cells work.

Like the food you eat, the mRNA you get in a vaccine does have an affect on your health, but is doesn’t change your genes or your DNA.

MYTH 5  They say that childhood vaccines cause autism - don’t these vaccines contain dangerous chemicals that can have serious health effects?
The Facts:  Not true on either account. Childhood vaccines are one of the best and safest protections against dangerous diseases that have been developed and these vaccines have been carefully tested for safety as well.

- First about the autism scare – it was started by an English doctor who was later shown to be a fraud. The lie lived on because some celebrities bought in and ran with it. The result? Millions of dollars wasted on proving the truth over and over (for example, one study looks at every single baby born in Denmark for 8 years and showed there was absolutely no link). Even so, some scared parents still avoid vaccines and we see deadly outbreaks of diseases we could totally prevent.

- The list of ingredients in the COVID vaccines is pretty simple - mRNA, plus some fats (called “lipids,” which is another word for fats) plus some salt and sugar to stabilize the mix. You can actually find the ingredients on the Food and Drug Administration’s COVID-19 vaccine website. Nothing you’ll see is out of the ordinary.
MYTHS ABOUT COVID-19 VACCINES

MYTH 6  The vaccine contains a microchip that can be used to track my movements.
The Facts:  The vaccine does not contain any kind of tracking device whatsoever.
  ❖ This story seems to have spread on the internet based on a Facebook post that said Bill Gates was planning to use a microchip to identify people who have been tested for COVID-19. In fact, Mr. Gates had commented on a research study that had nothing to do with COVID-19 and nothing to do with anything being implanted. The study was about a method to be sure who has gotten vaccinated in countries that have high death rates from vaccine preventable disease and poor health data systems. Like the story about autism, this is a story that is hard to stop even after it has been debunked over and over.

MYTH 7  The vaccine is being pushed on people against their will.
The Facts:  Getting the vaccine is totally voluntary. Doctors and public health officials are trying to provide people with good information on the safety and effectiveness of these vaccines so that they can make an informed decision when it is their turn to be offered the vaccine. No one is required to get vaccines.

MYTH 8  You can’t trust the people who made these vaccines. Big Pharma - the people who developed these vaccines, are just out to make money, and they pay doctors to say their products are safe.
The Facts:  While there are terrible examples of drug companies putting profit before safety (for example, by aggressively promoting highly addictive opioid painkillers), the process for developing these vaccines and the make-up of the products themselves has been transparent, with more information available to independent scientist than ever before.
  ❖ The development of these vaccines has been carried out in the public eye. In fact, reviews of vaccine safety and efficacy (a term used to mean that vaccines work) have been published for anyone to read. That means you or your doctor can read the reviews and decide whether the research seems solid and the findings are believable.
  ❖ The people reviewing the research include medical leaders from diverse settings all over the country and observers (non-voting members) representing a wide range of medical groups, including some that have fought hard against medical racism. They have not been paid for this work - they have been involved to verify the quality of the research and to assure that equity is protected throughout the process. For a list of names of the reviewers and the places they work, visit the Advisory Committee on Immunization Practices (ACIP) website. You can learn more about these people by looking them up online.
  ❖ Doctors do not make extra money for giving vaccines. They are paid for medical visits, same as any other primary care visit.
**MYTH 9**  Black and Latinx communities are being singled out to get the vaccine because it hasn’t really been proven to be safe.

The Facts: There are certainly historical reasons for Black and Latinx communities to fear being singled out. The concern is justified because people of color and marginalized groups have, in the past, been coerced and subjugated to participating in drug trials and medical procedures without informed consent, patient protections or ethical practices. That is not the case here, however. Black and Latinx communities have not been singled out to get the vaccine. But groups are being offered the vaccine based on the risks faced by people in the group. So, the answer is NO to singling anyone out but YES, Black and Latinx communities could be offered the vaccines earlier than other communities where infection, hospitalization and death rates have not been as high.

Consider the following:

- The vaccines now available were tested on diverse populations. In fact, efforts were made to assure inclusion of Black and Latinx volunteers in proportions equal to their proportion in the population just to make sure there weren’t factors that would make a vaccine less effective or less safe in either of those groups. A big effort was made to include members of those groups, to assure that they would not be victims of medical neglect, which is the other side of the coin in regard to medical racism.

- The very top priority for getting vaccinated now that the vaccines are available are frontline workers in healthcare. This includes clinical staff such as doctors, nurses, and therapists as well as people who work in other areas like laboratories and hospital environmental services. They are prioritized because they are at higher risk of being exposed to the virus and they are critical to keeping other people alive. These same criteria are being used to decide who is next in line, as we need to prioritize vaccinating some people before others while there is a limited supply of the vaccine. Once there is plenty of vaccine available, everyone who wants to get vaccinated should have easy access to the vaccine.

- There is good reason for Black and Latinx communities to demand equal and early access to vaccination. Black and Latinx residents, along with Native Americans and Native Hawaiians, have been isn’t likely to be infected (often as a result of poor working or living conditions), most likely to require hospitalization of infected, and mist likely to die from COVID-19. They’re also the communities that sudden most severe consequences if illness excludes them from the workforce. If you see billboards or hear advertising encouraging Black and Latinx residents of LA to opt for vaccination, it reflects these concerns. LA wants those who have been hardest hit to have the opportunity to be vaccinated as soon as possible.

The stakes for Black and Latinx residents of LA are high. Please read what you can about the vaccines from reliable sources and talk to well-informed people you trust – your doctor, a science teacher you know, a pharmacist – and ask them to respond to your questions and concerns. Your questions are important and deserve to be answered by knowledgeable and trusted individuals.

**MYTH 10**  I don’t need the vaccine if I already had COVID-19.

The Facts: We don’t know how long natural immunity - the immunity you get from having been sick – lasts. We also don’t know of it is complete. There have been a few well-documented cases of people being infected twice. So even if you have had COVID-19 and recovered, you will benefit from the vaccine.
COVID-19 in Inglewood
We're all in this

COVID-19 Weekly & Monthly Change Graphs

- From March 16, 2020 - April 16, 2020, the monthly rate of increase (%) from the previous month was **13600.00%**. This percentage is very high because there was a lower number of reported COVID-19 cases in the first month.

- From April 16, 2020 - May 16, 2020, the monthly rate of increase (%) from the previous month was **245%**. The monthly rate of increase is faster (higher) than May to June.

- From May 16, 2020 and June 16, 2020, the monthly rate of increase (%) from the previous month was **63%**. The monthly rate of increase is slower (lower) than April to May.

- From June 16, 2020 - July 16, 2020, the monthly rate of increase (%) from the previous month was **93%**. There was a total of **718** reported cases in the four week period of June 16 - July 16, 2020. The monthly rate of increase is faster (higher) than May to June.

- From July 16 - August 16, 2020, the monthly rate of increase (%) from the previous month was **63%**. There was a total of **940** reported cases in the four week period of July 16 - August 16, 2020. The monthly rate of increase is still increasing.

- From August 16, 2020 - September 16, 2020, the monthly change as a percentage (%) from the previous month was **14%**. There was a total of **351** reported cases in the four week period of August 16 - September 16, 2020. **The monthly rate of change of COVID-19 cases has shown substantial decrease from previous months.**

- From September 16, 2020 - October 16, 2020, the monthly change as a percentage (%) from the previous month was **11%**. There was a total of **307** reported cases in the four week period of September 16 - October 16, 2020.

- From October 16, 2020 - November 16, 2020, the monthly change as a percentage (%) from the previous month was **15%**. There was a total of **478** reported cases in the four week period of October 16 - November 16, 2020.

- From November 16, 2020 - December 16, 2020, the monthly change as a percentage (%) from the previous month was **an 82% increase in cases**. There was a total of **2311** reported cases in the four week period of November 16 - December 16, 2020.

- From December 16, 2020 - January 16, 2021, the monthly change as a percentage (%) from the previous month was **a 64% increase in cases**. There was a total of **4836** reported cases in the four week period of December 16, 2020 - January 16, 2021. **This is the highest number of cases in a four week period since the beginning of the pandemic.**

- From January 16, 2021 - February 16, 2021, the monthly change as a percentage (%) from the previous month was **a 19% increase in cases**. There was a total of **2083** reported cases in the four week period of January 16, 2021 - February 16, 2021. **This is the lowest number cases in a four week period since November 16, 2020.**

- The reason why each month starts on the 16th and ends on the 16th is because the first reported case of COVID-19 in the City of Inglewood was on March 16, 2020.

- From February 16, 2021 - March 16, 2021, the monthly change as a percentage (%) from the previous month was **a 3% increase in cases**. There was a total of **422** reported cases in the four week period of February 16, 2021 - March 16, 2021. **This is the lowest number cases since September through November 2020.**

- The reason why each month starts on the 16th and ends on the 16th is because the first reported case of COVID-19 in the City of Inglewood was on March 16, 2020.

As of Sunday, April 11, 2021, there were reported **13427** cases for COVID-19 in City of Inglewood.

In the week of Monday, April 05, 2021 – Sunday, April 12, 2021, there was a total of **79** reported cases.

The graph displays the Inglewood Total Cases and Weekly Increase Count from the previous week.

The bar graph below displays the monthly increase and (%) of increase from the previous month.

Los Angeles County
COVID-19 VACCINE: After you are fully vaccinated

These are new public health recommendations for fully vaccinated people. They are based on guidance issued by the Centers for Disease Control and Prevention (CDC). They will be updated over time as we learn more about the impact of vaccination on the spread of COVID-19.

What does it mean to be fully vaccinated?
You are considered fully vaccinated when:

- Two weeks or more have passed since you received your second dose in a 2-dose vaccine series (Pfizer-BioNTech or Moderna); or
- Two weeks or more have passed since you received your dose of a single-dose vaccine (Johnson & Johnson/Janssen)

People Who Are Fully Vaccinated Can:

- Visit indoors with a small number of other fully vaccinated people without wearing a mask or physically distancing;
- Visit indoors with unvaccinated people from one other household without wearing masks or physical distancing, unless any of those people or anyone they live with has an increased risk for severe illness from COVID-19;
- Travel, provided they take precautions described in the LA County travel advisory;
- Refrain from quarantine and testing if they have been exposed to a person with COVID-19 and they do not have symptoms.

People Who Are Fully Vaccinated Should Continue to:

- Take steps to protect themselves and others by wearing a mask, staying at least 6 feet apart from others, and avoiding crowds and poorly ventilated spaces. These precautions should be taken whenever they are:
  - In public
  - Gathering with unvaccinated people from more than one other household
  - Visiting with an unvaccinated person who is at increased risk for severe COVID-19 disease or who lives with a person at increased risk.
- Avoid medium- and large-sized in-person gatherings
- Watch out for symptoms of COVID-19, especially if after contact with someone who is sick. If they have symptoms of COVID-19, they should get tested and stay home and away from others.

For more information:

- Visit the “After you get a vaccine’ webpage on VaccinateLACounty.com (scan the QR code to view)
- Visit CDC’s webpages Interim Public Health Recommendations for Fully Vaccinated People (detailed) or When You’ve Been Fully Vaccinated (basic)
PPE Unite Event

On Saturday, February 27, 2021, the City of Inglewood, the Inglewood Airport Chamber of Commerce and PPE Unite partnered to provide a FREE PPE Giveaway for Inglewood small businesses, nonprofits and churches. PPE Unite provided a 30 day free supply of critical PPE (face masks, hand sanitizer and face shields) for small businesses. The event culminated with approximately 600 businesses, over 8,500 workers were supported, and over 800,000 masks were distributed in one day (813,150 to be exact). Seeing the community come together to provide support during the COVID-19 crisis is truly amazing!

Alert SouthBay

The City of Inglewood and 12 other South Bay cities have launched Alert SouthBay, a regional emergency notification system. Alert SouthBay is an opt-in alert system using the Everbridge software application. Everbridge sends notifications via email, text message, cellular and landline phones. Users can subscribe to receive alerts from multiple South Bay cities. If you live in Inglewood, for example, but work in Gardena, you can subscribe to alerts from both cities!

Everbridge will act as the City’s primary vehicle for emergency communication. It will be used for a range of notifications, from traffic alerts due to roadwork, water main breaks or policy activity, to critical emergency communications, such as shelter-in-place or evacuation notifications.

Users can sign up by:

- Texting “INGLEALERTS” to 888-777, which returns a link to register for Everbridge.
- Registering online at alertsouthbay.com.
- Downloading the free Everbridge app on an iOS or Android device from the App Store or Google Play. Select “Find and organization or subscription” and search "INGLEALERTS".

For more information about the Alert SouthBay system, visit alertsouthbay.com.
Citywide Permit Parking Program

Protecting Inglewood Residents

NEW CITYWIDE PERMIT PARKING PROGRAM WILL:

- Preserve and protect quality of life
- Alleviate traffic increasing in neighborhoods
- Minimize non-residential parking intrusion
- Preserve safe and clean neighborhoods
- Reduces the need for residents to compete for on-street parking
- Offer 24 hours 7 days a week parking restrictions
- Offer 2-hour parking limit without permits for visitors and guests

LEARN MORE AT: www.cityofinglewood.org/Parking

Questions: Please contact the Parking & Traffic Department via email at permitparking@cityofinglewood.org or by phone at (310) 412-5398
The Parks, Recreation and Community Services Department offers a variety of programs and services for people 50 years and older.

Due to COVID-19, traditional recreation activities designed specifically for seniors and offered at the Inglewood Senior Center and City recreation centers are temporarily suspended until further notice.

Seniors may still request curb-to-curb transportation to appointments and receive information about social services and community resources.

In addition, seniors may participate in our home-delivered meals program providing lunches for eligible seniors who reside in the City of Inglewood.

During this time, seniors may still take advantage of certain services via telephone.

Senior Services

Senior Meals
All seniors, 60 years of age or older who live in Inglewood are eligible to participate in our Senior Nutrition Program. Nutritious pre-packaged frozen meals are delivered directly to the senior’s home. Suggested donation for Home Delivered Meals is $2.50 per meal. To register, call (310) 412-4380.

Transportation
Senior transportation provides rides for seniors and disabled adults on buses, vans, taxi cabs and the I-Line Trolley. Seniors are assessed as to their individual needs and are able to schedule rides on vans and purchase discount taxi cab coupons. Seniors may request curb-to-curb transportation to appointments. The free I-Trolley service connects shopping areas, public service agencies, the Inglewood Senior Center, five senior housing complexes, and connection points to Metropolitan Transportation Authority (MTA) bus service. The I-Trolley operates Monday through Friday from 10:00 am to Noon and 1:00 pm to 5:00 pm, beginning and ending each loop at the Inglewood Senior Center. For more information, call (310) 412-4382.

Information and Assistance – Resource Center
The Information and Assistance desk at the Senior Center is the place to call for all sorts of information relevant to senior citizens and disabled adults. The staff will assist you in obtaining the services you may need, provide referrals and answer your questions. You can get assistance with food, housing, health services and transportation; Social Security and Medi-Cal; rebates and discounts, educational opportunities and much more. For more information, call (310) 412-5338.

Senior Classes
If an effort to provide recreational opportunities for seniors while staying safe at home, some classes are now available on demand. Visit the City of Inglewood YouTube Channel - youtube.com. Search "City of Inglewood iRecreate" to view. Offerings include: Arts and Crafts, Exercise, Line Dancing, Tai Chi, Yoga, and more.
The City of Inglewood is announcing its newly created Housing Protection Department, whose purpose is to support preserving the rights of Inglewood residents, as well as the investments of property owners.

The City Council implemented a temporary moratorium on rental increases on March 5, 2019; which capped all rental increases at five percent (5%). The City Council determined that based on the city’s rental population of 60+%, some of whom were noticed with rent increases of 75%-100% that the adoption of the moratorium was necessary to protect the public health, safety and welfare of many citizens, residents similarly situated. The moratorium was extended, and on November 5, 2019, the City Council adopted permanent Ordinance No. 20-03 that went into effect on December 5, 2019 (Housing Protection Ordinance).

The Housing Protection Ordinance (Ordinance) capped the rental increases of multi-family properties (5 or more residential units) at 3% or Consumer Price Index (CPI) whichever is greater. As with other cities who have enacted Rent Stabilization Ordinances, Ordinance No. 20-03 has a self-financing provision providing for the collection of rental registration fees that will cover staff, overhead and capital costs to create a new community service oriented department to ensure fairness and stability for both landlords and tenants in the application of the recently enacted City and State rental laws.

The City of Inglewood’s Housing Protection Department is responsible for monitoring and enforcing the City’s rent regulations and just cause eviction protections, and will subsequently enact a rental inspection component. The Department’s launch date was initially scheduled for October 1, 2020; however, due to the COVID-19 emergency, the launch date will be delayed.

Any questions or concerns, can be addressed by contacting the Housing Protection Department at (310) 412-4330 or via email at HousingProtection@cityofinglewood.org.
RENTAL ASSISTANCE PROGRAMS

- **Housing Choice Voucher Section 8 Program**
  
  The Inglewood Housing Authority administers various Section 8 Rental Assistance Vouchers, such as, the Housing Choice Voucher (HCV), the Veterans Affairs Supportive Housing (VASH) voucher and the Mainstream Voucher Program. The Section 8 Rental Assistance Program is a federally funded through the Department of Housing And Urban Development (HUD). The rental assistance is paid on behalf of an eligible household.

  Participants should expect to pay 30% to 40% of their income towards rent. All units leased with Section 8 assistance must meet federal housing quality standards and be inspected at least biennially. Approximately 1,200 households in the city are receiving assistance under the program. For more information, contact the Inglewood Housing Authority at (310) 412-5221.

HOMELESS PREVENTION

- **Homeless Tenant-based Rental Assistance Program**
  
  Similar to the TBRA program, the Affordable Housing and Grant Divisions administer the Homeless Tenant-based Rental Assistance Program (HTBRA) for qualifying City of Inglewood homeless or individuals and families at-risk of becoming homeless. The HTBRA program provides rental assistance, security and utility deposits for participants to prevent homelessness. For more information on the HOME Programs contact the Affordable Housing and Grants Division at (310) 412-8844.

RESIDENTIAL REHABILITATION PROGRAMS

- **Minor Repair Grants**
  
  The Inglewood Housing Authority's residential minor repair grant program is provided to correct minor code violations and alleviate any health and safety problems in the home. Financial assistance is provided in the form of grants up to $15,000 to income qualifying single-family homeowners. Funds may not be used for general home improvements or those things considered cosmetic in nature. For more information contact the IHA's Affordable Housing Division at (310) 412-5221.

- **Homeless Tenant-based Rental Assistance Program**
  
  The U.S. Department of Housing and Urban Development (HUD) allocates Home Investment Partnerships Act Program (HOME) funds by formula to eligible state and local governments, including the City of Inglewood to strengthen public-private partnerships to provide more affordable housing.

  The Inglewood Housing Authority's residential minor repair grant program is provided to correct minor code violations and alleviate any health and safety problems in the home. Financial assistance is provided in the form of grants up to $15,000 to income qualifying single-family homeowners. Funds may not be used for general home improvements or those things considered cosmetic in nature. For more information contact the IHA's Affordable Housing Division at (310) 412-5221.

- **Tenant-based Rental Assistance Program**
  
  The City of Inglewood’s Affordable Housing and Grants Divisions administer the Tenant Based Rental Assistance Program (TBRA). The TBRA program provides rental assistance for income qualifying senior citizens, honorably discharged veterans and permanently disabled individuals. For more information, contact the Inglewood Housing Authority at (310) 412-5221.

**The City of Inglewood**

Parks, Recreation and Community Services Department is offering a summer program for youth ages 3 to 12.

Summer Day Camp is designed to offer campers a fun, safe, and exciting recreational experience. Campers enjoy a different theme each week, as well as participate in arts & crafts, games, experiments, physical activities, and virtual field trips.

Summer Day Camp is an all-day program offered in four 2-week sessions.

### Session 1
**June 21 - July 2**
**Camp Hours**
9:00 a.m. to 6:00 p.m., Monday through Friday.

### Session 2
**July 5 - July 16**
**Camp Locations**
Rogers Park – 400 West Beach Avenue
Darby Park – 3400 West Arbor Vitae

### Session 3
**July 19 - July 30**

### Session 3
**August 2 - August 13**

**Cost for Inglewood Residents** – Day Camp (2-weeks)
$110 per session (includes camp fee and T-shirt)

**Cost for Non-Residents** – Day Camp (2-weeks)
$203 per session (includes camp fee and T-shirt)

NOTE: Campers will receive one camp T-shirt for use in one or all sessions.

**PARENT ORIENTATIONS**

Amid the COVID-19 pandemic, parent orientations will be conducted via ZOOM. After successfully registering your child, you will receive a link which will provide an access code and information needed to join the video conference. In some cases, you may be required to download the app. Parent/Guardian will also receive a Parent Handbook via email. The handbook will provide detailed information about the camp experience, policies, procedures, requirements and safety guidelines. Parent/Guardian will be required to return the Parent Handbook Acknowledgement form prior to their child starting camp. No child will be permitted to attend camp unless they have been represented on the video conference orientation and have a signed Parent Handbook Acknowledgement form on file.

Orientations will be held at 6:00 p.m. on the following dates:
- Session 1: Thursday, June 17, 2021
- Session 2: Thursday, July 1, 2021
- Session 3: Thursday, July 15, 2021
- Session 4: Thursday, July 29, 2021

Registration for Inglewood residents begins on Monday, May 3, 2021 and May 10, 2021 for non-residents. Registration will be taken on a first-come, first-serve basis. Registration for all camps will remain open until all slots are filled. Space is limited due to social distancing and other public health requirements.

**PAYMENT**
Payment in full is due at time of registration. Only debit and credit cards will be accepted for payment.

**REFUNDS**
A full refund will be issued for any camp that is canceled for any reason by the Department. All requests for refunds must be made in writing prior to the start of the camp session. NO REFUNDS will be given after the first day of camp. Please allow 4 to 6 weeks for refunds.

**POLICIES**
Advanced registration is required for all classes. All activities, dates and fees are subject to change. Sessions not reaching required enrollment may be canceled by the Department. A resident is defined as an individual residing in Inglewood. Acceptable proof of residency includes: government issued ID or utility bill showing current Inglewood address. Camper must be the age specified for the activity. Proof of age may be required for all activities with an age requirement. False information regarding age, age or address may result in participant being dropped from camp without refund.

**SUMMER FOOD PROGRAM**
The Parks, Recreation and Community Services Department, through a grant, offers a “free” summer lunch program at each camp site. Grab and go, nutritional pre-packaged meals will be available daily. Additional information will be provided during the parent orientation or you may call (310) 412-8750.

**SAFETY GUIDELINES**
While working under the conditions of our new normal, programs, activities and services will look and feel different. Our job remains to provide a safe, quality, and enjoyable recreation experience for our residents and visitors. Protocols have been implemented to promote health and safety and align with the Centers for Disease Control and Prevention’s (CDC) Interim Guidance for Child Care Program Reopening, and the Los Angeles County Department of Public Health (Public Health).

All staff and campers are required to wear masks and adhere to required safety protocols. Onsite session weeks may change due to the guidelines recommended by the CDC and Public Health.

For additional information, contact the specific Summer Day Camp site: Darby Park (310) 412-5391 or Rogers Park (310) 412-5504.

Adult tennis lessons are offered at Edward Vincent, Jr. Park. The program provides group instruction for adults at the beginning, intermediate, and advanced levels.

Tuesdays and Thursdays
6:00 pm – 7:00 pm
$34 for residents;
$39 for non-residents (monthly)

Cost:

Tiny Tot tennis lessons are offered to boys and girls ages 3 to 6. This class is a fun and interactive clinic focused on introducing basic foot and hand-eye coordination. Classes are held year-round at Edward Vincent, Jr. Park. Participants are taught the basic fundamentals of tennis with an emphasis on sportsmanship and etiquette.

Saturdays
9:00 am – 10:00 am
Cost:  Free
BICYCLE REDISTRIBUTION PROGRAM

The City of Inglewood and Republic Services are teaming up to provide Inglewood residents with a Bicycle Redistribution Program. Republic Services will accept bicycle donations at the local Inglewood office to refurbish, repair, and redistribute to Inglewood residents in need.

If you have questions, please contact us at (800)299-4898.

www.republicservices.com/site/los-angeles-ca

CITY OF INGLEWOOD RECYCLES!
Everyone benefits from a beautiful community.

IT'S ILLEGAL TO DISPOSE OF HHW IN YOUR CART!

When you have any of the following items for disposal:

- Garden Chemicals
- Household Cleaners
- Swimming Pool Chemicals
- Unused Medication
- Automotive Waste
- Household Batteries
- Paint Products
- Electronics (TV, CRT, Consumer Items)

Household Hazardous Waste (HHW)
*Sharps are not considered HHW

Contact us at (800) 299-4898 to schedule a special pick up.

CONSOLIDATED DISPOSAL SERVICE (CDS) and the CITY OF INGLEWOOD have teamed up to bring you:

Sharps Medical Waste Program

The Sharps Disposal by Mail Back Program is a FREE return program for used needles, lancets and other “sharps.” The program is simple: residents contact CDS Customer Service to request a sharps container and a CDS representative will deliver the approved container within one week of the request at no additional charge. Per year, each resident is entitled to one free kit and an additional kit for a $5 co-pay. For Senior customers, they are entitled to two free kits and an additional kit for a $5 co-pay. Once the container is full, follow the instructions for packaging and mail it in the postage-paid shipping box.

Easy as 1, 2, 3! All you have to do is:

1) Call WM Customer Service at: (800) 299-4898
2) Fill the Sharps Disposal with your “sharps”
3) Mail it in the postage-paid shipping box

Dumping and Scavenging is Illegal!

Don't Dump... Call! It's FREE!

Shade Tree Mechanic Home Car Repair... can save money and be a rewarding hobby, but it often involves using toxic chemicals and can be a major source of pollution. Rainfall can easily wash vehicle fluids off yards and roads and harm rivers and the ocean. Auto fluids, when improperly handled or disposed of, can cause pollution to local groundwater as well. Many vehicle chemicals are toxic to fish and wildlife, and the oil from just one automobile engine can produce an eight-acre oil slick!

Here are some tips that can reduce pollution:

- Use drip pans to catch leaking or draining fluids.
- Check your vehicle regularly for leaks and repair leaks promptly.
- Place absorbent materials or cardboard below the work area.
- Repair or refuel your vehicle over an impervious surface such as a concrete floor.
- Always use a funnel when adding fluids to your vehicle.
- Never use waste motor oil or gasoline to kill weeds.
- Never dispose of car fluids on the ground, in the trash, or in a storm drain.
- Recycle your motor oil, drained oil filters, spent solvents, used antifreeze, and car batteries.
- Place all used absorbent oil rags in a sealed, leak-proof container. Dispose of absorbents properly.
- For a large spill, call the City of Inglewood's Environmental Services Division. They will assist you with cleanup help: 310.412.5333
- For automotive fluid recycling and safe disposal you can take your used motor oil and filters to a Certified Collection Center in the City of Inglewood. To find a center near you please call: 888.CLEAN.LA (888.253.2652)

Leaving trash and junk in alleys and other public spaces creates blight and is dangerous. Illegally dumped waste can lead to increased accidents and crime as well as reduced property values and quality of life for residents. If you witness illegal dumping, report it immediately by calling Consolidated Disposal Service's Customer Service at (800) 299-4898 or the City of Inglewood at (310) 412-5333 during office hours; after hours call (310) 412-5251.

Let's STOP Scavenging!

SCAVENGER = Someone who searches and removes useful discarded materials from waste carts! Violators shall be punished by a fine not exceeding one thousand dollars ($1,000) or by imprisonment in the City or County jail for a term not exceeding six months or both. For more information regarding this matter, please call our anti-scavenger HOTLINE: (310) 412-8622.

Special Collections – Bulky and Illegally Dumped Items can be picked up with a 24-hour notice. Consolidated Disposal Service (CDS) will pick up your bulky items at NO additional charge on your regularly scheduled service day. Please call CDS Customer Service at (800) 299-4898 to arrange for a pick-up.

Acceptable Bulky Item Examples: Furniture (e.g., mattresses, box spring, desk), stove, washers, garage door openers and water heaters. PVC pipes, wood and metal must be bundled (3’ inches in length and 18” in diameter) and not heavier than 35 lbs. Bulky items cannot exceed 200 lbs. each.

Non-Acceptable Bulky Items: Household Hazardous Waste (HHW) (e.g., paint, tires, oil and batteries), TVs, microwaves, monitors, computers, car motors and parts, spas, pianos, camper shells, and cast iron bathtubs.

For additional information and also for more information on how to dispose of household hazardous waste, please visit our website at www.cityofinglewood.org or contact Consolidated Disposal Service's Customer Service at (800) 299-4898.
Operation Clean Sweep

PROGRAM EVENT!

Bi-annually, the City of Inglewood offers its residents the opportunity to get rid of large, bulky items, such as furniture, refrigerators, and mattresses, etc., at no charge. The Operation Clean Sweep (OCS) program event also includes the removal of bundled wood pieces, bundled tree branches and boxed trash and debris. During the OCS program event there is no need to call in your pickup request. Just have your items at curbside for pickup and the items will be removed.

Consolidated Disposal Service/Republic Services (CDS), the City's franchise waste haul company takes pride in providing this service to Inglewood for the past eight years. Twice a year, CDS removes your OCS bulky items on Saturday during the OCS event period. For example, if your regular trash pickup day is on Monday, then your OCS date will be on the first Saturday of the OCS program event, and if your regular trash pickup day is on Tuesday, then your OCS date will be on the second Saturday of the event, and so on. The OSC event notification is advertised on the City's website as well as in the City-billed Utility bill, giving advance notice of the event dates.

Please be advised that the City Sanitation Officers along with the City's franchise waste hauler Consolidated Disposal Service/Republic Services, noticed that some residents are placing their trash carts out for service on their side of the street for trash pickup on the day assigned for service, which is correct; however, subsequently, the same residents are placing their carts on the opposite side of the street the next day, having their carts serviced again resulting in receiving a free extra pickup. This is not allowed. Extra pickups are provided when scheduled and a charge is applied for the extra pick up service. Continued action in this manner will result in extra pickup charge added to the violator's account per occurrence.

If any resident would like to schedule an extra pickup, please contact the Public Works Department, Environmental Services Division at (310) 412.5333.

Additionally, proper trash cart storage means that once carts are serviced or emptied, carts are to be removed from the curb. The Inglewood Municipal Code Chapter 7 Sanitation and Health Regulations states that: It shall be unlawful for any person to place or cause to be placed any refuse receptacles or refuse in any public highway at any place or in any manner other than as provided in this Section, or at any time other than the days established for collection of rubbish on the particular route, or after 4:00 p.m. on the day immediately prior to such collections, or permit such receptacle to remain thereat for more than twelve hours after it has been emptied (Section 7-19 (4) Refuse Collection Regulations).

Also, trash carts are not to be used to reserve parking spaces on City streets. Placing carts at street curbs prevents thorough street sweeping servicing to occur.

Please help us keep Inglewood as the flourishing and beautiful community we all want. Your understanding and cooperation are greatly appreciated.

If you have any questions regarding this information, please feel free to contact the Public Works Department at (310) 412-5333.

Consolidated Disposal Service/Republic Services (CDS), the City’s franchise waste haul company takes pride in providing this service to Inglewood for the past eight years. Twice a year, CDS removes your OCS bulky items on Saturday during the OCS event period. For example, if your regular trash pickup day is on Monday, then your OCS date will be on the first Saturday of the OCS program event, and if your regular trash pickup day is on Tuesday, then your OCS date will be on the second Saturday of the event, and so on. The OSC event notification is advertised on the City’s website as well as in the City-billed Utility bill, giving advance notice of the event dates.

Over time we have seen that some residents are placing their OCS bulky items out outside of the program event schedule and without regard to safety and proper placement to avoid hazards to the collection staff and without regards to neighborhood beautification.

While, it is the City's and CDS' intent to provide the OCS program services, we ask that you place your items out in a neat, safe and contained manner, to facilitate safe and speedy collection. The means loose items should be bundled (boards, branches, greenwaste and other small items – bundling makes items faster and easier to collect. Other loose trash should be placed into a container, bag or box weighting no more than 60 pounds, wood, lumber, and tree bundles shall not be more than four (4) feet in length. You may set the items out for collection after 5:00 pm the day before your Saturday event collection day, ensuring that all items are ready for collection by no later than 7:00 am the Saturday of your event date.

We look forward to being in service to you.

The remaining dates for this year's 2021 OCS events are as follows:

14. Inglewood Senior Citizens Center
    Centro para Personas Mayores de Inglewood
    111 N. Locust Street - 310.412.5338

The City’s parks and recreation centers are located on 100 acres of land. Listed to the left are a list of the parks and recreation centers. Most of the facilities are available for events unless COVID19 public health restrictions apply. Fields for baseball, soccer and football are available for rental at Darby, Rogers, and Vincent Parks. Tennis, racquetball and weight room facilities are also available.

The Parks, Recreation and Community Services Department Main Office is located in the City Hall Facility — 5th floor, suite 500. The hours of operation are Monday through Friday, from 7:30 am to 5:30 pm. The office is closed every other Friday. For additional information regarding the City’s parks and recreation centers, call (310) 412-8750.

Los centros recreativos y los parques de la Ciudad están ubicados en 100 acres de terrenos. A la izquierda encontrará una lista de los parques y centros de recreación. La mayoría de las instalaciones están disponibles para eventos. Los centros recreativos y los parques de la Ciudad están ubicados en 100 acres de terrenos. A la izquierda encontrará una lista de los parques y centros de recreación. La mayoría de las instalaciones están disponibles para eventos. Los campos de béisbol, fútbol y fútbol americano pueden rentarse en los Parques Darby, Rogers y Vincent. También hay instalaciones para tenis, racquetbol y sala para levantar pesas disponibles.

La oficina principal del Departamento de Parques, Recreación y Servicios Comunitarios está ubicada en las instalaciones del Ayuntamiento de la Ciudad — 5to piso, suite 500. Las horas de operación son de lunes a viernes, de 7:30 am a 5:30 pm. La oficina está cerrada cada otro viernes. Para obtener información adicional respecto a los parques y centros recreativos de la Ciudad, llame al (310) 412-8750.
