CITY OF INGLEWOOD

Public Works Department

APPLICATION FOR TEMPORARY CONSTRUCTION METER

I hereby apply for the use of a temporary construction meter. I understand that this meter is to be used as a temporary alternate source of water for construction purposes. I understand and agree to the established City of Inglewood (COI) guidelines pertaining to construction meter use and will be followed at all times. Applicant is to comply with the following:

Conditions of Service:

1. Temporary construction meter is to be installed only by a City of Inglewood.
2. An approved spanner hydrant wrench shall be used to activate fire hydrant.
3. Customer must furnish meter outlet adapters, compatible to NSFT threads.
4. All water trucks used to receive water shall be equipped with a suction-break filling system.
5. Temporary construction water is not to be used for:
 - Domestic water
 - Irrigation (unless approved on a case by case basis by the City),
 - Filling lakes and ponds (unless approved on a case by case basis by the City)
 - Filling swimming pools.
6. Temporary construction meter water is to be used only within the COI.
7. I understand that I may not take water from any other source except through a COI issued temporary construction meter. I further understand that if I take water from an unauthorized or unapproved source, COI will immediately confiscate all temporary construction meters and I will forfeit all security deposits. I also understand that taking water without using the temporary meter may subject me to criminal prosecution in addition to the loss of the temporary construction meter and associated security deposits.
8. Construction meter is to be read by COI staff every month.
Any issue with the operation of the meter is to be reported immediately to the COI for repair or replacement. Applicant will not dismantle, repair, or tamper with the meter or service. Any action deemed appropriate to correct violations related to the use of a construction meter may be taken by COI staff, including, but not limited to: written notifications, forfeiture of deposit and/or meter, and/or refusal of future requests for the use of a construction meter.
9. Deposits and fees:
A security deposit will be collected and retained without interest to cover the loss or damage of the meter and connecting service. A monthly fee will be required in addition to the deposit, when the meter is used less than one month the fee will be prorated. All water used will be charged at the current COI rate. Any unpaid charges owed to the COI will be deducted from the security deposit when the account is closed. Amounts unpaid in excess of the deposit will be billed to the customer applying for the temporary construction meter. Refunds will be made in accordant with COI policy.

I have read and understand the terms of this agreement for the use of a temporary construction meter and am aware of, and understand the Ordinances, Resolutions and Policies of the COI as they apply to this agreement. I agree to comply will the terms of this agreement.
