Happy Hispanic Heritage Month! September 15th - October 15th is National Hispanic Heritage Month. During the month we take the time to pay tribute to the generations of Hispanic Americans who have positively influenced and enriched our nation and society.

I would like to take a moment to salute my colleagues, Councilmember Eloy Morales and Councilmember Alex Padilla, for their work and dedication to the City of Inglewood. I truly appreciate the opportunity to work with each of them on the City Council.

The Inglewood Library invites you to celebrate Latinx Heritage Month with an art project. Come and get a goodie bag to make papel picado and beaded jewelry! Visit the Children’s Reference Desk, and our Crenshaw Branch library to pick up your Latinx Heritage Month Kit! *Starting Monday, 9/20 - While supplies last!

It's Time! Get Registered for the Citywide Permit Parking Program

The City is firmly dedicated to developing programs that will protect the quality of life for our residents.

As many of you are aware, the new home of the NFL’s Los Angeles Rams and Los Angeles Chargers, SoFi Stadium, opened this summer. SoFi Stadium will host sports and live entertainment year-round and has already secured Super Bowl LVI in 2022, the College Football National Championship Game in 2023, and the Opening and Closing Ceremonies of the Olympic Games in 2028.

The City is diligently working on traffic control management strategies and policy regulations to protect Inglewood residents from parking and traffic matters associated with SoFi events.

With the opening of SoFi Stadium’s events and future developments in the City, the City of Inglewood has updated its existing Permit Parking Program to give residents priority for most of the City region. The new Citywide Residential Permit Parking Program is consistent and reflective of the best practices of other successful residential permit parking programs in greater Los Angeles.

For more information on the application process, please visit the City of Inglewood Permit Parking and Traffic Department Page at www.cityofinglewood.org/parking. If you have any questions, please contact the Parking & Traffic Department via email at permitparking@cityofinglewood.org or by phone at (310) 412-5398.

During the opening ceremony for this symbolic “greening” event, representatives of Tampa Bay (the previous host city) will pass the “golden shovel” to the City of Inglewood marking our countdown to Super Bowl LVI. The event will include the planting of “56” trees and other activities designed to increase the park’s tree inventory, beautify the park and encourage community. The City of Inglewood Housing Protection Department was established in May of 2020, and is responsible for monitoring and enforcing the City’s rent regulations and just cause eviction protections. The Department’s initial launch date for the program begins on October 1, 2021, with registration commencing in January 2022. The Inglewood City Council has waived the fee for all residential units registered between January 7, 2022 through March 31, 2022.

The City Council created the Department to assist its residents, both landlords and tenants, and we are here to help!! For any resident who has questions or concerns regarding rent increases and eviction procedures and protections, you are urged to contact the City of Inglewood Housing Protection Department at 310-412-4330 or housingprotection@cityofinglewood.org.

**Please Clean-up After Your Dog**

*Not cleaning up after your pet creates a negative impression of our community.*

Please be a good neighbor and clean up after your dog. It is not acceptable for dog owners to forget to take plastic bags on their walks and leave their pet’s waste on a neighbor’s parkway or lawn. It’s simply not okay to be a pet parent that intentionally leaves their pet’s waste behind for their neighbors to clean.

By not picking up after your dog, you’re putting our neighborhood children and other pets at high risk for exposure to harmful bacteria ([read more here](#)). These same bacteria also contaminate our water supply.

Please be a responsible pet owner and pick up after your dog.

Creating an earthquake kit or supplementing a pre-made kit is an opportunity for your family to talk about what you would do when a major earthquake strikes. General guidelines recommend storing enough food, water and gear for three days per person (72 hours) in your household.

Keep in mind this is not a go-kit. This is a stay-in-place survival kit. These are supplies for home to go in a box, backpack or earthquake bag. Keep it where you can reach it.

**Critical Supplies**
After the 1989 earthquake, 12,000 residents were displaced from their homes. Of those whose dwellings remained intact, many were without water, electricity and phone service for days. Important supplies to have on hand include:

- Three days’ water supply for each member of your family (at least 1 gallon per person, per day)
- Three days’ supply of nonperishable food, plus a can opener
- First aid kits for your home and autos
- Three days’ supply of food and water for your pets
- Flashlights in every room with extra batteries
- Power packs for phones
- Prescription medications
- Whistle
- Swiss Army knife
- Copies of your personal documents
- Extra pair of glasses
- Cash, small bills are best

Remember to refresh water and food items every six months. Read more [HERE](#)
