PERMITTEE AGREES TO THE FOLLOWING:

1. This is a permit to work in the City's right-of-way. Applicant must comply with conditions in the permitting requirements, and attach approved plans to this permit request.
2. Must call **(310) 412-5333** 48-hours **BEFORE** work is commenced to schedule an inspection.
Must Contact: 310 901-8024 or 310 259-3503, 310 729-1940 or 626 221-9578, 310 502-8958, before construction.
3. All work performed under this permit **MUST** conform to current City of Inglewood Standards.
4. Include "T-Cut" on street or alley re-pavement; replace to gutter or cold-joint if less than 3-feet away; no diagonal cuts; construction materials, debris and run-off, shall be contained within the work area and must not be allowed to enter into the storm drain system.
5. Traffic control shall be established and maintained as prescribed in the "Work Area Traffic Control Handbook".
All affected residents **MUST** be notified and "No Parking" signs **MUST** be posted **72-hours BEFORE** work begins.
6. Restore concrete score-line to score-line, deep joints, rough-broom finish to all affected areas. Restore parkway grass and sprinklers to original conditions.
7. All affected residents **MUST** be notified and contact the City of Inglewood's Service Center **72-hours BEFORE** any scheduled power outages. Please contact the City at the following numbers: (310) 412-5341 or (310) 703-7472.
8. City Hall is closed alternate Fridays. Inspections may require approval and additional fees, please call for information.
Maintain Local Access to properties, assist with trash pick-up on trash pick-up days.
9. Install and maintain steel plates with asphalt edges during non-work hours. If the work will take more than 2-days, install and maintain "Recessed Plates" to be flush with surrounding pavement.
